

# ENOUGH IS ENOUGH!

While raking in record profits **Sutter-CPMC is attempting to cut employee health care and refusing to address the staffing crisis** in nursing and other departments.

And Sutter-CPMC does all this despite having made a **commitment** to the City to hire more employees from San Francisco communities.

Come out for a May 21 press conference and hearing at San Francisco City Hall and let city officials hear **YOUR** stories about conditions at Sutter-CPMC!

**THURSDAY, MAY 21**  
**San Francisco City Hall**

**1 p.m.: Press Conference**

**2 p.m.–5 p.m.: Neighborhood Services  
Committee Hearing**

**Come out and tell the City YOUR staffing stories**

"We are short-staffed in Nursing, people have left, and many of our patients require 24/7 care. Sutter-CPMC needs to staff up to be ready to smoothly transition to the new hospital, and most importantly, because our patients need it."

"We can't use our vacation time because there isn't enough staff to fill in for us. They're supposed to hire more staff but they haven't, so they deny our vacation requests. Sutter-CPMC doesn't want to spend the money, so we're all worse off. "
