

WE FILED FOR OUR UNION ELECTION!

On Wednesday, March 1, we — more than 56 outpatient lab workers at Keck Hospital of USC — presented management with the required paperwork to join our coworkers at Keck USC and Norris Cancer Hospital as members of the National Union of Healthcare Workers.

We are excited to move forward and work toward winning:

Fair and guaranteed **annual wage increases**

Fully **employer-paid health insurance** for ourselves and our families

Adequate staffing for quality patient care

Workplace rights similar to our coworkers at Keck but tailored to our needs

Job security

The **right to be included in decisions** that affect our profession and our patients

United for respect, quality patient care,
and a great future with Keck Medical Center of USC.

We're ready to vote **YES** for ourselves, our families, and our patients!
