

Keck lab and outpatient radiology voted by a 9-1 margin to join the National Union of Healthcare Workers!

We now stand united with more than 1,000 NUHW members at USC Keck Medical Center and Norris Cancer Hospital!

We're securing a better future at Keck for ourselves, our patients, and our families. In the coming weeks we will launch bargaining surveys and elect our bargaining committee.

We formed a union to fight for:

Fair and guaranteed **annual wage increases**

Fully **employer-paid health insurance** for ourselves and our families

Adequate staffing for quality patient care

Workplace rights similar to our coworkers at Keck but tailored to our needs

Job security

The **right to be included in decisions** that affect our profession and our patients

Glad that we did it! I am looking forward to having job security, fair pay, and a better work environment!
