

PATIENT CARE COMMITTEE ADDRESSES HUDDLES, HIRING, AND SAFE STAFFING

On March 16, members of our Patient Care Committee — Vanessa Flores, Miranda Madrid, Michael Bautista, and Elizabeth Poulin — met with Kindred Brea management to address workplace issues. **Here are the takeaways:**

1

HUDDLES

Interdepartmental huddles will occur more frequently now to address workplace issues. Management has also agreed to explain the admissions process and answer related questions in our huddles for the next two weeks. We can use this time to raise assignments issues.

2

HIRING

Management has agreed to be more transparent with their hiring process. Moving forward they will be sharing information on applications, interviews, and new hires with us at Patient Care Committee meetings.

3

SAFE STAFFING

Management recommitted to developing a safe staffing team made up of one RN, one LVN, and one CNA. The team would be responsible for 8 to 10 patients.
