

# St. Joseph and Memorial administrators **LIED TO ALL OF US** and should be ashamed of themselves

St. Joseph issued a memo full of falsehoods about what will happen if we go on strike.

When we strike it is because the vast majority of workers cast a vote in favor of a strike — like they did recently in Humboldt County, where 94% voted in favor of a strike.

They say they won't lock anyone out.

**That's a lie.**

In the same memo they say they would prevent workers who strike from entering the hospital.

**That's a lockout!**

It's also retaliation.

**St. Joseph is threatening to retaliate  
if we exercise our legal right to strike!**

We are filing Unfair Labor Practice charges with the National Labor Relations Board for this illegal threat.

If you want to politely tell Bill Candella, St. Joseph Health's Director of "Employee Advocacy and Labor Relations," what you think of St. Joseph's lies and threats, you can call him at (424) 239-4540.

Why are they sending out lies and threats?

**Because we are winning!**

They're afraid of the strength we have shown.

They're afraid they may have to spend some of the \$15 million in profits they made from October–December of 2015 on patient care instead of sending it to Irvine or stashing it in the Cayman Islands.

**It is important for us to stay unified and keep pushing  
for a great contract!**
