

NATIONAL UNION OF HEALTHCARE WORKERS

2016 General Election ENDORSEMENTS

Politics is important to all of us, but to healthcare workers in particular, since government funds and regulates healthcare. Many of the issues that affect us are decided by elected leaders. And those elected office holders can help us in our workplaces. These endorsements were voted on by NUHW stewards and leaders in each district after interviewing candidates and reviewing their platforms. For more information on the California election, visit www.sos.ca.gov/elections.

U.S. HOUSE OF REPRESENTATIVES

District 2: **Jared Huffman**

Congressman Huffman serves on the Committee on Natural Resources and the House Committee on Transportation and Infrastructure. He has been a strong supporter of the environment and labor.

STATE ASSEMBLY

District 2: **Jim Wood**

In his first year in the Assembly, Jim Wood authored nine bills that were signed into law, including the Marijuana Watershed Protection Act, the environmental cornerstone of the state's Medical Marijuana Regulation and Safety Act.

EUREKA CITY COUNCIL

Council Ward 4: **Austin Allison**

NUHW member Austin Allison is a cardiac monitor technician at St. Joseph Hospital in Eureka and also operates a small furniture-making business. Allison will advocate for working families and will bring fresh ideas, energy, and integrity to the City Council.

LOCAL MEASURES

Measure P: **YES**

Measure P would modify the Eureka City Charter to change city council elections to a true ward system, which requires candidates to live in the ward that they are running to represent and would allow only residents of that ward to vote for them. Currently, candidates are required to live in the ward they are running for, but all Eureka residents can vote for all five council representatives. This measure creates greater accountability to our residents.

Measure V: **YES**

Measure V would implement a countywide mobile home rent control ordinance at the 42 mobile home parks in unincorporated areas. It would tie rent increases to annual changes in the Consumer Price Index and allow park residents to vote on park improvements that would result in increased rents. Mobile home owners would pay a \$5 monthly fee to cover costs incurred by the county for implementing the new program.

NATIONAL UNION OF HEALTHCARE WORKERS

5801 Christie Avenue, Suite 525
Emeryville, CA 94608

NUHW.org

PRESIDENT — Hillary Clinton

Our influence with Senator Bernie Sanders helped put mental health care at the top of his agenda. Sanders and our endorsement of Clinton in the general election were major factors in Clinton's decision to release a comprehensive mental health care plan in August. A Hillary Clinton administration is the best vehicle for advancing the progressive values and goals that were expressed by Sanders and embraced by a majority of NUHW members over the past year.

U.S. SENATE — Kamala Harris

A longtime friend of NUHW, Kamala Harris has a strong track record of fighting for vulnerable communities. As California Attorney General, she fought big banks and secured from them more than \$20 billion for struggling homeowners, and she continues to fight for working families trying to keep up with the rising cost of living. As San Francisco's District Attorney, she stood with us in the battle with SEIU.

STATEWIDE BALLOT MEASURES

Proposition 51: School Bonds for K-12 and Community Colleges — YES

Would help modernize our neglected school system by enabling the state to issue \$9 billion in bonds to fund improvement and construction of facilities for K-12 schools and community colleges.

Proposition 52: Medi-Cal Hospital Fee Program — YES

Would ensure that Medi-Cal fees are directed to children's health services, Medi-Cal health care services, and uninsured patient care by increasing the vote required for changing fee allocation to a two-thirds majority.

Proposition 53: Revenue Bonds — Statewide Voter Approval — NO

Would erode local control in communities across California, create more gridlock, and jeopardize vital infrastructure improvements.

Proposition 54: Legislature — Legislation and Proceedings — NO RECOMMENDATION

Proposition 55: Tax Extension to Fund Education and Healthcare — YES

Would extend for 12 years the temporary personal income tax increases approved in 2012 on income over \$250,000, which is earmarked for education and healthcare funding. This tax is critical to reducing class size, funding our schools, and increasing healthcare access.

Proposition 56: Cigarette Tax to Fund Healthcare, Tobacco Use Prevention, Research, and Law Enforcement — YES

Would increase the cigarette tax to \$2 per pack, with equivalent increases on other tobacco

products and electronic cigarettes. Proceeds would go to healthcare programs and smoking cessation programs.

Proposition 57: Criminal Sentences — Parole, Juvenile Criminal Proceedings, and Sentencing — YES

Would increase parole chances for felons convicted of non-violent crimes and give them more opportunities to earn credits for good behavior.

Proposition 58: English Proficiency, Multilingual Education — YES

Would repeal most of 1998's Proposition 227, the "English in Public Schools" initiative, thus effectively allowing non-English languages to be used in public education instruction.

Proposition 59: Corporations — Political Spending, Federal Constitutional Protections — YES

Would overturn Citizens United and allow California's elected representatives at the state and national level to pass a 28th Amendment to the U.S. Constitution to help get special interest money out of politics.

Proposition 60: Condom Usage and Health Requirements in Adult Films — NO RECOMMENDATION

Proposition 61: State Prescription Drug Purchases, Pricing Standards — NO RECOMMENDATION

Proposition 62: Death Penalty — YES

Would repeal the death penalty, saving taxpayers about \$150 million within a few years.

Proposition 63: Firearms — Ammunition Sales — YES

Would prohibit the possession of large-capacity ammunition magazines and would require most individuals to pass a background check and obtain authorization from the California Department of Justice.

Proposition 64: Marijuana Legalization — YES

Would legalize marijuana and hemp under state law and enact certain sales and cultivation taxes.

Proposition 65: Carryout Bags Charges — NO RECOMMENDATION

Proposition 66: Death Penalty Procedures — NO

Would speed up the appeal process. We don't need to "fix" the process, we need to put an end to the death penalty.

Proposition 67: Ban on Single-Use Plastic Bags — YES

Would uphold or ratify the contested legislation banning plastic bags that was enacted by the Legislature under the name Senate Bill 270.
