

# JOIN US APRIL 15 TAX MARCH

On January 21, millions of protesters marched for human rights, civil liberties, immigrant rights, universal healthcare, and social justice for all.

We stood against Donald Trump's attacks on our values.

Join us again as we take to the streets on April 15 to demand that Donald Trump release his tax returns. The president's tax plan to benefit the rich and cut vital services in our communities will be the next big battle.

Without his returns, Americans are in the dark about Trump's conflicts of interest, his foreign entanglements, and whether he even pays any taxes at all.

**An NUHW leader will be at these locations and times to meet with fellow NUHW members, families, and friends who would like to march as a group.**
