While an employee is receiving on-call pay, the employee will not be eligible to receive callback pay for the same hours.
- b. An employee who is placed on-call in lieu of reporting to a scheduled shift will not be eligible for callback until the scheduled on-call start time has passed. 4. PTO Requests

- a. PTO must be used for all scheduled work hours missed due to vacation, holiday, illness, family emergency, religious observances, voting time, doctor or dental appointments, personal business or other excused elective absences. Use of PTO is optional for low census days in accordance with Article 16 – Hours of Work, Section 11: Call-Offs.
- b. PTO requests must be approved by the Employee’s department manager or designee.
- c. Employees will request PTO in writing or electronically if appropriate. Such requests shall include the date of the request, the dates of the PTO days requested, and the Employee’s signature.
- d. When determining the availability of the requested PTO, consideration will include the availability of Hospital staff, as well as patient care and safety.
- e. The request will only be granted if the Employee has adequate accrued PTO for the period requested at the time of the request.
- f. PTO requests will not be unreasonably denied.
- g. PTO requests will be approved on a first-come, first-serve basis.
- h. In the case there are multiple requests made on the same day for the same days off

that cannot be granted, the impacted employees will first be given a chance to modify their requests, then, if no agreement can be reached, PTO requests will be granted by department seniority.

5. Extended PTO Requests (for periods of one week of more)

- a. During prime time vacation months (June/July/August/November/December) the Hospital shall only approve extended PTO requests for up to two (2) weeks to ensure all employees an equal opportunity for time off. Additional extended PTO requests during these months may be granted provided such request meets department operational, staffing and patient care needs. No vacation request will be granted for time off more than one (1) year beyond the date of the request. Vacation requests shall not be unreasonably denied when no other employee in the same department has an approved vacation for the same time requested.
- b. Vacation requests are subject to approval on a first come first served basis. Such requests shall be presented in writing to the Director/Manager or their designee and shall include the date of the request, the dates of the PTO days requested, and the employee's signature.
- c. The date of delivery of the request shall govern. Department seniority shall be the tie breaker if two or more requests are received on the same day.
- d. If staffing and patient care requirements do not permit the approval of all requests for the same period, then department seniority shall be a determining factor within each department, provided however:
 - i. Department Seniority can be exercised only once each calendar year and only for a maximum of up to two (2) consecutive weeks during prime vacation months, and four (4) consecutive weeks during other months, and
 - ii. Employees will have one request granted per calendar year, in order of reverse Department Seniority, before a more senior Employee has a second request granted.
- e. The Hospital will provide a written response in a timely manner but no later than thirty (30) days after the employee has submitted the request.
- f. Approved extended PTO requests are contingent on the Employee having adequate PTO for the period the PTO is to be used.

6. Holiday Schedules

- a. The following holidays shall be recognized:
New Year's Day – major
Martin Luther King Jr.'s birthday – minor

President's Day – minor
Memorial Day – minor
Independence Day – minor
Labor Day – minor
Thanksgiving day – major
Christmas day – major

- b. The Hospital will follow the State and Federal Uniform Holiday Laws. Therefore, the days officially adopted by the government for observing a recognized holiday will be adopted by the Hospital for the observance of such holiday. Notwithstanding this Section, Independence Day will be observed on July 4th.
- c. Full-time and part-time Employees must be available to work one (1) major and one (1) minor holiday per calendar year.
- d. Per Diem/relief employees must be available to work a minimum of one (1) major and two (2) minor holidays per calendar year.
- e. All holidays not filled by availability or volunteers will be scheduled by rotation by reverse department seniority.
- f. The Hospital will make a reasonable effort to avoid having an employee work both Christmas day and New Year's Day.
- g. The Hospital will make a reasonable effort to avoid having an employee work consecutive Christmas day, Thanksgiving day, or New Year's Day holidays in consecutive years unless the employee volunteers.
- h. No employee will be required to work both the eve and the day of Christmas or the eve and Day of New Year's.

7. Voting Time

- a. An employee is eligible for up to two (2) hours of paid time off during his/her shift for the purpose of voting in an election (federal, state, or local) only if he/she does not have sufficient time outside of working hours to vote. Time off for voting must be taken at the beginning or end of the employee's shift.
- b. The employee must request voting time off at least seven (7) calendar days prior to the election date and such request must be approved, in advance, by the employee's supervisor.

ARTICLE 16 – HOURS OF WORK

1. Definitions

- a. “Workday” is defined as a 24-hour period beginning at 12 a.m., 2 a.m., 8 a.m., 12 p.m., or 2 p.m. each day and ending 24 hours thereafter. The Hospital has the right to assign or reassign the workday for each employee based on the employee’s regularly scheduled hours.
- b. “Workweek” is defined as a 7-day period beginning on Sunday and ending on the following Saturday. The actual start of each workweek coincides with the start of the workday.
- c. “Pay period” is defined as a 14-day period beginning on Sunday and ending on Saturday. The actual start of each pay period coincides with the start of the workday.
- d. “Regular rate” is calculated according to applicable federal and state laws.
- e. “Hours worked” means time spent in work-related activities. Hours worked does not include PTO, leaves of absence, jury duty, bereavement leave, educational leave, on-call, unworked guarantee hours or any other time away from the Hospital, regardless whether this time away from the Hospital is paid time.

2. Overtime

- a. Overtime will be paid in accordance with federal and state laws. In general, employees covered by this Agreement work an 8/80 schedule.
- b. For employees assigned to an 8/80 schedule:
 - i. Overtime is paid at one and one half (1½) times the regular rate of pay in the following situations:
 1. For hours worked in excess of eight (8) up to and including twelve (12) hours in a workday; and
 2. For hours worked over eighty (80) in a pay period.
 - ii. Double time is paid at two (2) times the regular rate of pay for hours worked over twelve (12) in a workday.
- c. For employees assigned to a straight time 10-hour schedule:
 - i. Overtime is paid at one and one half (1½) times the regular rate of pay in the following situations:

1. For hours worked over ten (10) up to and including twelve (12) hours in a workday; and
 2. For hours worked over forty (40) in a workweek.
- ii. Double time is paid at two (2) times the regular rate of pay for hours worked over twelve (12) in a workday.
- d. For employees assigned to a straight time 12-hour schedule:
 - i. Overtime is paid at one and one half (1½) times the regular rate of pay for hours worked over forty (40) in a workweek.
 - ii. Double time is paid at two (2) times the regular rate of pay for hours worked over twelve (12) in a workday.
- e. Any work time that qualifies as overtime pay under more than one of the above guidelines is paid only once. Example: An employee works nine, eight (8) hour workdays in a pay period, and then works nine (9) hours on the tenth workday. The last hour of work on the tenth workday qualifies as overtime because it exceeds eight (8) hours in a workday, and also exceeds eighty (80) hours in a pay period. Nevertheless, one (1) hour of overtime is paid, not two (2). Holiday, call-back and other premiums voluntarily paid by the Hospital will be credited against overtime due as permitted by federal and state laws.
- f. For overtime purposes, all hours worked in a given shift will be attributed to the Workday during which the initial in-punch for that shift takes place. For example, if a 12 hour employee works a 14 hour shift from 7:00 pm to 9:30 am (assuming one 30-minute meal period), then all 14 work hours will be attributed to the previous Workday when the 7:00 pm punch-in took place. In this scenario, the employee would be paid 12 hours of base pay (pursuant to the Alternative Workweek Schedule), and two hours of double-time because all 14 hours are considered to have been worked in the previous Workday. The purpose of this “in-Punch” calculation is to “pre-pay” hours worked from a subsequent Workday to a prior Workday in order to maximize the overtime earned and paid to an employee when crossing a day divide during a given shift. With the exception of call back, which the Parties agree has always been interpreted as a separate shift, in the event an employee out for more than two and one-half (2.5) hours, all hours worked upon return will be considered a new shift for the purposes of calculating overtime. In addition, a break in a call back shift creates a new shift for purposes of overtime.
- g. Under normal circumstances, employees are required to have the approval of their supervisors or designee prior to working overtime. When prior approval cannot be obtained due to urgent or emergency situations, employees are required to

report to their supervisor or designee the amount of overtime they have worked and the reason for having done so. The reason for having worked overtime must be documented on an edit sheet.

- h. The Hospital and the Union recognize that mandatory overtime is not desirable and represents a burden on the employee. Acceptance of overtime and shifts beyond the employee's schedule shall be voluntary and in accordance with state law or regulations, except where patient care would be endangered by an internal or external emergency declared by state, local or federal government, or declared by the administrator on duty. An internal or external emergency, for the purposes of this Section, is defined as an unexpected situation and sudden occurrence of a serious and urgent nature that results in activation of the Hospital's Disaster Plan.
- i. Employees may not be required to work more than sixteen (16) hours in a work day, not including any standby or callback hours, except as referenced in paragraph 2.h. above.

3. Ten (10) and Twelve (12) Hours Shifts

- a. In the event the Hospital desires to implement ten (10) or twelve (12) hour shifts the Union will be notified and a vote will be conducted in the unit and it will be decided by a simple majority of those who vote.
- b. Should any group of employees petition to implement ten (10) or twelve (12) hour shifts, the Hospital will grant consideration to the feasibility of the request.
- c. In the event an employee cannot work the ten (10) or twelve (12) hours shift, the Hospital will reasonably attempt to accommodate such employee if department needs can be met.
- d. In the event the Hospital desires to discontinue ten (10) or twelve (12) hour shifts in a unit, it shall meet and confer with the Union prior to such discontinuation.
- e. Twelve (12) hour employees shall not be scheduled to work more than three (3) consecutive shifts, unless requested in writing by the employee and approved by the employee's supervisor or designee.

4. Rest and Meal Periods

- a. The Hospital will provide meal and rest periods in accordance with state and federal laws. Employees will receive a ten (10) minute paid rest break for each four (4) hours of work, and an unpaid meal period of thirty (30) minutes for each work period in excess of five (5) hours. In the event state or federal laws are amended, such new provisions shall apply to bargaining unit employees when effective.

- b. Unpaid, unworked meal periods will not be counted as hours worked in calculating overtime to be paid under any provision of this Agreement.
- c. Employees shall take meal and rest periods when assigned, unless business needs make it impossible to do so. In such cases, employees must notify their Manager/designee as far in advance as possible so that alternative arrangements can be made. An employee who misses a meal or rest period must submit an edit form to his/her supervisor or designee.
- d. Some employees, due to the nature of their work, may be required due to departmental needs, to remain on ministry premises and/or carry a communications device during their meal period. Under these circumstances, the meal period is still considered off-duty, so long as the employee is not interrupted during his/her meal period or work related responsibilities. In the event an employee's meal period is interrupted due to work related responsibilities, the employee should be provided another full thirty (30) minute off-duty meal period within the appropriate time period. If it is not possible to do so, the employee should complete a time-keeping edit sheet.

5. Rest Between Shifts

The Hospital will make a reasonable effort to provide adequate rest between shifts. The Hospital will not pre-schedule a break of less than 10 hours between shifts.

6. Split Shifts

There shall be no split shifts. A split shift is defined as any two (2) distinct work periods separated by more than a one (1) hour meal period.

7. Allocation of Additional Hours of Work

- a. Additional hours of work are defined as work that is not prescheduled.
- b. Employees will submit, in writing, their availability for additional work which shall indicate the day(s) of the week and shift(s) for which they are available.
- c. The Hospital shall offer additional hours of work to employees who have made themselves available in the same job title and department as long as the additional work would not cause the Hospital to incur overtime liability. The Hospital will offer prescheduled additional hours of work by rotation starting with the employee with the most Union seniority according to the following preference list:
 - i. Regular full-time employees who have been called off, as long as the additional work would not cause the Hospital to incur overtime liability;
 - ii. Regular part-time employees who have been called off;

- iii. Relief;
- iv. Regular part-time

The above preference order will not result in bumping employees out of work which is prescheduled.

- d. When available, overtime shifts will be assigned from a list of those employees indicating their desire to work specific shifts by rotation starting with the employee with the most Union seniority. All Hospital employee requests to work overtime shifts will be considered before assigning such shifts to travelers, registry or agency staff.

8. Report Pay

If an employee reports to work for a scheduled shift, and is told no work is available, the employee shall receive a minimum of four (4) hours of work or any combination of work and pay totaling four (4) hours. If the employee is asked to work the four (4) hours, but wishes to leave, the employee may voluntarily 'call-off'. In this situation, no hours will be paid.

9. On-Call

- a. Employees who are placed on-call will receive an on-call rate of \$10.00 per hour.
- b. Employees placed on-call must respond within the required response time established by their department.
- c. The method of assignment and distribution of on-call duty shall be determined on a department-by-department basis with the following understandings:
 - i. The affected employees and department managers have agreed upon a method of assigning and distributing the on-call duty that meets the needs of the department.
 - ii. The method of distribution and assignment of on-call duty is equitable among the affected employees in the department, and no employee is required to bear a disproportionate on-call burden.
 - iii. Employees on a scheduled weekend off in accordance with Article 15 – Scheduling, Section 2, shall not be required to take on-call duty on such weekends. However, such employees may volunteer for such on-call duty.

10. Call-Back

- a. Call-back pay starts at the time of the employee's arrival in his/her department and has badged in.

- b. When an employee is called for duty while on-call, he/she will be paid at the call-back rate of one and one-half (1½) times the regular rate of pay, plus applicable shift differential.
- c. The employee will be paid the greater of time actually worked as shown in the timekeeping record or a two (2) hour minimum guarantee for each time he/she is called-back. When an employee who is on-call is called-back with less than two (2) hours before starting her/his regular shift, call-back is paid only to the start of the scheduled regular shift.
- d. An employee who is placed on-call in lieu of a normal shift will not be eligible for call-back pay until the scheduled on-call start time has passed. For example, due to low patient census, an employee is asked not to report to her/his scheduled 1500 to 2330 shift but is to be placed on-call instead. The employee is called prior to 1500 and asked to report to her/his shift as originally scheduled. Time is paid as regular hours rather than call-back hours, so long as notice is given prior to the beginning of the shift.
- e. On-call does not start until the employee actually leaves the ministry premises. If an employee is placed on-call at the end of her/his regular shift and continues to work into the prescheduled on-call hours, this will be deemed a continuous shift and default to the normal rules of overtime payment. For example, an eight (8) hour employee works from 0700 to 1530 and is scheduled to be on-call at 1530; however, the employee is involved with a patient and does not actually leave ministry premises until 1700. The employee will be paid eight (8) hours at his/her base hourly rate and one and one-half (1½) hours at her/his appropriate overtime rate. The employee is not eligible for a two (2) hour minimum call-back in this instance because he/she never left the ministry premises.

11. Call-Offs

- a. A call-off (“A” Administrative call-off or cancel) is defined as an unrequested absence of one shift or less, necessitated by low census or other patient care considerations. Call-offs may be voluntary or mandatory.
- b. The Hospital, at its sole discretion, may elect to call-off (or cancel) an employee for a whole or partial shift. In addition, the Hospital may elect to place the employee on-call for the hours called off.
- c. Records of call-offs shall be maintained in the Staffing Office or in individual departments, if applicable. Employees may review these records upon request.
- d. At the discretion of the Hospital, an employee who would otherwise be called-off in accordance with paragraph e below and who has committed to being cross-trained to another unit or work area, may be retained for cross training purposes.

- e. Within each department and with consideration of required skills and competencies, employees will be called-off as follows:
 - i. Travelers on premium pay or within registry/agency contractual call-off days not to exceed greater than 1 day in a week
 - ii. Employees on premium pay
 - iii. Volunteers
 - iv. Travelers on regular pay
 - v. Relief employees
 - vi. Regular full or part-time employees in rotation

ARTICLE 17 – FLOATING

1. Employees may be floated to a different department or unit provided the employee has received orientation in that department or unit and has demonstrated competence in providing care to patients in that department or unit.
2. Employees will be floated in the following order:
 - a. Volunteers
 - b. Registry and travelers
 - c. Temporary employees
 - d. Relief employees
 - e. Full-time and Part-time by rotation
3. In the event that the established order does not meet assessed patient needs, the Hospital may float employees out of order.
4. No employee will float to more than one (1) department or unit during a single eight-hour shift or more than two (2) departments or units during a single twelve-hour shift, unless floating to multiple departments is a regular part of an employee's assignment.
5. Employees may float between Eureka and Redwood Memorial Hospital under the following conditions, in addition to the above:
 - a. Floating between hospitals is voluntary. No employee shall suffer any retaliation as a result of declining to float between hospitals.
 - b. Employees who float are eligible for mileage pursuant to the Hospital mileage reimbursement policy.

ARTICLE 18 – SENIORITY

1. Definitions

As utilized in this Agreement, seniority shall be defined as follows:

- a. “Health System seniority” shall mean continuous length of employment within the St. Joseph Health System.
- b. “Union seniority” shall mean an employee’s continuous length of employment in a bargaining unit position at St. Joseph Hospital – Eureka and/or Redwood Memorial Hospital.

2. Seniority

a. Full-time and Part-time Employees

Full-time and part-time employees shall accrue one (1) year of Union seniority for every one (1) year of continuous employment in a bargaining unit position with St. Joseph Hospital – Eureka and/or Redwood Memorial Hospital. For employees working at the time of ratification, Union seniority will be based on their most recent date of hire at the Hospital(s).

b. Relief Employees

Relief employees shall accrue one (1) year of Union seniority for every one thousand forty hours (prorated) of relief employment in a bargaining unit position with St. Joseph Hospital – Eureka and/or Redwood Memorial Hospital.

c. Temporary Employees

Temporary employees do not accrue seniority. If a temporary employee becomes a regular bargaining unit employee, seniority credit will not be provided for time spent in temporary status.

3. Break in Service

An employee’s Union seniority will be broken for all purposes if:

- a. The employee transfers to a position outside of the bargaining unit for more than six (6) months or terminates voluntarily and is rehired by the Hospital in a bargaining unit position more than six (6) months later.
- b. The employee terminates through layoff and is rehired by the Hospital more than one (1) year later.

- c. The employee is discharged from employment for just cause, except in the case of a probationary employee whose seniority shall be broken after discharge regardless of the reason.

4. Seniority Tie Breaker

If two (2) or more employees in the same department/unit share a common seniority date, they will draw numbers to determine their relative seniority placement. A Union Shop Steward shall be present when the numbers are drawn.

ARTICLE 19 – FILLING OF VACANCIES

1. Job vacancies covered by this Agreement will be posted on Hospital's inter and intranet. Internal candidates will be considered for the first seven (7) calendar days of posting prior to making an offer to an external candidate. In the event no employees covered by this Agreement submits an internal transfer request for a posted position within the seven (7) calendar days set forth herein, the Hospital shall be free to select the most qualified applicant without regard to the order set forth in paragraph six (6) below.
2. The Hospital shall make available a dedicated workstation or kiosk in the vicinity of the Human Resources department for interested employees.
3. The posting shall include the job title, the department, the shift, weekly scheduled hours (status) and qualifications for the position. The posted qualifications shall be reasonably related to the actual requirements of the position.
4. Employees interested in transferring to a position(s) that may be posted in the future may set up an alert to receive an email once a job is posted that meets his/her criteria. This will not relieve the employee of the responsibility to timely submit a transfer request for the posted position.
5. The employee applicant must meet all qualifications of the job established by the Hospital. These qualifications will be listed in the job description and in the online posting.
6. The Hospital shall fill vacancies with the most senior qualified applicants (according to Union seniority) in the following order of preference:
 - a. Bargaining unit employees within the department and job title/classification where the vacancy exists;
 - b. Bargaining unit employees within the job title/classification outside the department where the vacancy exists;
 - c. Bargaining unit employees within the department where the vacancy exists.

- d. Bargaining unit employees from another job title/classification.
7. Employees submitting an internal transfer request for a posted vacancy shall be informed by the Hospital whether or not they are offered the position within fourteen (14) days of the position being filled.
8. For vacancies that are not filled internally (i.e. according to the preference order set forth above), the Hospital may employ the person who, in its judgment, will make the best employee. The Hospital shall be the sole judge of the fitness of any applicant.
9. Employees must be in their current position for a minimum of six (6) months in order to be eligible to apply for a posted position, unless the Hospital agrees otherwise.
10. Employees who have received formal discipline (a written warning or greater) within the past ninety (90) days are ineligible to apply for posted positions, unless the Hospital agrees otherwise.
11. The above does not prevent the Hospital from filling a vacancy on a temporary basis by whatever means it deems necessary if it is unable to find a qualified applicant for the vacancy.
12. Once awarded a new position, the employee shall be released by his/her former department within fourteen (14) calendar days or no later than the end of the current schedule, whichever occurs later.
13. The evaluation period is ninety (90) days for current employees who previously completed the initial probationary period and who then transfer to another job title/classification. If such employee transfers to a position in the same department/service area and job title/classification after completing the initial probationary period, there will be no new evaluation period. If at any time within the first ninety (90) day period, the Hospital determines that the employee is unable to perform satisfactorily, such employee may be returned to his/her former position including shift, assignment and scheduled hours, provided his/her former position is still available. If the employee's former position is not available, the employee will be returned to a comparable position in the same department and classification, provided such a position exists.
14. Time spent on a leave of absence during an evaluation period will not count toward completing such evaluation period.

ARTICLE 20 – LAYOFF AND RECALL

1. Layoff
 - a. Layoff is defined as a workforce reduction expected to be more than fourteen (14) calendar days in duration.

- b. Layoffs shall be determined by the job title/classification and Union seniority. It is understood that the position affected may not be the same as the person actually laid off.
- c. Prior to implementing layoffs for bargaining unit employees, the hospital will first seek to reduce or eliminate travelers and agency in the affected department or departments.
- d. In the event of a workforce reduction covered by this Article, the Hospital shall notify the Union as much in advance as possible. In the event the notice is less than three (3) weeks' written notice, the Hospital will provide three (3) weeks' pay in lieu of notice. Upon request by the Union, the parties will engage in effects bargaining relative to a layoff.
- e. The Hospital shall select employees for layoff in inverse order of Union seniority, subject to the following exceptions:
 - i. If an employee who otherwise would be selected by inverse order of Union seniority possesses specialized skills which cannot be replaced adequately by the remaining employees in that job title in the same department/unit/shift, that employee may be passed over for layoff. It is understood that an employee can be "replaced adequately" by one (1) or more remaining employees if they can achieve the same skill set and skill level as that employee with no more than ten (10) days of instruction/orientation.
 - ii. If other employees in the same job title/classification are unable or unwilling to accept the hours, scheduling and/or work commitment of the employee who would otherwise be laid off by inverse order of Union seniority, that employee may be passed over for layoff.

2. Layoff Order

Consistent with the guidelines set forth above, employees will be selected for layoff in the following order:

- a. Temporary employees, including travelers, agency, and registry staff;
- b. Regular full-time, regular part-time, and relief employees in inverse order of Union Seniority in the job title/classification to be impacted;

3. Recall

An employee shall remain on a recall list for twelve (12) months after being laid off and will be eligible for recall to any vacancy within his/her job title in his/her Union seniority order, the most senior employee being recalled first.

- a. An employee on the recall list must respond to a recall notice within three (3) business days of receipt of the offer, and must be available to fill the position within ten (10) business days of receipt of the offer. If an employee is unable to meet both of these requirements, the offer of recall may be revoked and the employee will be removed from the recall list.
- b. Employees on the recall list must insure that the Hospital has the employee's current mailing address and telephone number.
- c. Official notification of recall will be sent via certified mail. As a courtesy, the Hospital will also call the employee at the telephone number provided.

ARTICLE 21 - HEALTH AND WELFARE PROGRAM

- 1. Full-time and part-time Employees will be eligible to participate in the Hospital's Health, Dental, Vision and Prescription drug programs on the first of the month following completion of thirty (30) days of service.
- 2. Non-benefits eligible Employees will be eligible to enroll in the Health (medical) and Prescription drug benefit plans for employee-only coverage at one hundred percent (100%) of the full premium cost.
- 3. Effective July 1, 2016 and continuing for the duration of the Agreement employee premium contributions for medical health benefits are set forth below. Provided further, the medical health benefits plan design will be consistent with the plan design in effect on the date of ratification of this Agreement.

All benefited employees are eligible for PTO.

An employee who changes to non-benefited status and returns to benefited status within twelve (12) months will be re-instated with the PTO accrual rate in place at the time of the status change.

2. Accrual of PTO Benefits

PTO begins accruing on the first day of work in a benefited position. PTO may be used as it is earned.

3. Paid Time Off Accrual Rates

a. Full-Time Employees – Effective July 10, 2016:

- i. 0 – 4 Years of Service = 184 hours per year
(Maximum PTO Accrual cap is 276 hours *)
- ii. 5 – 9 Years of Service = 240 hours per year
(Maximum PTO Accrual cap is 360 hours *)
- iii. 10 – 14 Years of Service = 280 hours per year
(Maximum PTO Accrual cap is 420 hours *)
- iv. 15 + Years of Service = 280 hours per year**
(Maximum PTO Accrual cap is 420 hours*)

*Maximum PTO Accrual cap is the maximum amount of PTO hours that an employee can accrue in their PTO accrual account. Once the employee has reached the maximum PTO accrual cap, the employee will stop accruing PTO until their PTO accrual balance is below the maximum accrual cap amount.

** All eligible Employees with 15+ years of service as of April 30, 2016 will be grandfathered to accrue up to 312 hours per year (312 hours based on full-time eligibility – maximum accrual cap is 468 hours).

b. Part-Time

PTO days shown above are for full-time Employees. Part-Time Employees PTO days would be less if hours worked are less than full-time

c. One Time PTO Cash-Down

Employees with existing PTO accrual balances over the maximum accrual shall be cashed down to seventy-five percent (75%) below the accrual caps above so that such employee will continue to accrue PTO.

PTO hours accrue: 1) on hours worked up to a maximum of eighty (80) hours in a pay period, 2) while PTO is being utilized, 3) during jury duty, 4) during bereavement leave, 5) on scheduled days taken off because of Hospital census, 6) while working Extra Pay for Extra Shifts/Cold Call.

PTO hours do not accrue: 1) during on-call hours (unless those on-call hours result from a day off because of Hospital census), 2) during unpaid leaves of absence, or 3) on hours that exceed eighty (80) in a pay period.

Paid Time Off hours are added to an employee's account at the completion of an entire fourteen (14) day pay period. PTO may be used as it is earned.

Employees will be notified by the Hospital when they have reached their maximum accrual. PTO will stop accruing until the PTO balance falls below the maximum accrual cap.

4. Redemption of PTO

Upon termination, an employee will be paid her/his PTO balance as of the last complete day worked. The payment will be made at the current base rate of pay, plus shift differential if applicable.

If the employee changes from benefited to non-benefited status, the accumulated PTO benefit will be paid to the employee at the end of the first payroll period following the change in status.

Employees may donate their PTO to a shared account to help other benefit eligible employees in accordance with the Hospital's Voluntary PTO Sharing Program, which may be amended from time to time.

5. Voluntary Cash-Out of PTO

- a. Payment in lieu of PTO will be made pursuant to the PTO Voluntary Election Cash-Out Policy through the term of this Agreement.
- b. Eligible Employees must have a minimum of eighty (80) hours in their PTO bank at the time of the Cash-Out Election period.
- c. PTO cash-out elections must be made during the cash-out window in the prior calendar year.
- d. PTO may be cashed out twice per year. Dates for the Cash-Out are predetermined each year.

- e. PTO may only be cashed out in increments of twenty (20) or forty (40) hours in the first Cash-Out period and twenty (20), forty (40) or eighty (80) hours in the second Cash-Out period and only to a maximum of eighty (80) hours per year.
- f. All PTO Cash-Outs are subject to taxation at the supplemental income tax rate.

If an Employee who has elected PTO Cash-Out has insufficient hours in her/his PTO bank at the time of the Cash-Out to cover the hours elected for Cash-Out, she/he will not be permitted to cash out PTO on that date. However, the Employee may cash out PTO at the second date that year, provided that she/he elected to do so during the election period and there are sufficient hours in her/his PTO bank.

ARTICLE 23 – RETIREMENT

Employees shall be eligible to participate in the Hospital’s 401(k) and 401(a) retirement programs under the terms and conditions set forth in the plan documents. Any such changes and/or benefits shall be consistent with any changes that are provided to other employees at the Hospital.

401(A)

1 – 5 years of service = 3%	15 – 19 years of service = 7%
6 – 9 years of service = 4%	20 – 24 years of service = 8%
10 – 14 years of service = 6%	25 – 29 years of service = 9%
	30 + years of service = 10%

3. An employee on a leave of absence June 30, 2016 may continue to use their disability reserve until they return to work or until the employee has exhausted his/her disability reserve, whichever occurs first.
4. Employees will retain their accrued disability reserve as of April 12, 2016 provided the employee must have applied for a leave by May 1, 2016 and leave must commence no later than June 30, 2016.

ARTICLE 25 – EDUCATION AND TRAINING OPPORTUNITIES

1. Preamble

The Union and the Hospital agree that offering and promoting educational and training opportunities can prove to be a benefit to both the employee and the Hospital. There is also agreement that the availability of appropriate training that enhances career mobility and provides avenues for employee growth and development is desirable for both parties.

2. Tuition Reimbursement

- a. The Hospital encourages and supports the pursuit of advanced education and professional growth in the ministry. Employees who participate in an accredited course of study that result in an occupational certification or degree from an accredited university or college in healthcare related fields and that benefit the Hospital in accordance with the Hospital's Education Reimbursement policy in effect on the date of ratification may be eligible for tuition reimbursement. Changes in policy will not affect previously approved tuition reimbursement. Should the Hospital wish to modify the Education Reimbursement policy as applies to bargaining unit employees, it will meet and confer with the Union upon request prior to modification of the policy.
- b. To be eligible for reimbursement, employees must apply for and receive written approval from the Hospital prior to the commencement of the course.
 - i. Eligibility: Employees with a minimum of six (6) months of continuous service as a regular benefits eligible full-time and part-time employee who are actively on the payroll at the time of the enrollment and actively at work during the course(s) are eligible to apply for tuition assistance.
 - ii. Reimbursement will be limited to tuition, books, select fees and supplies.
 - iii. Reimbursement will be provided upon successful completion of the course provided the employee submits proof of satisfactory completion to the Hospital within thirty (30) days receipt of their class grade.

3. Paid Education Leave

Non-exempt employees who work in a patient care position requiring licensure with paid education leave benefits (PEL) may be eligible for either 12 or 20 hours of fiscal year of PEL. Such continuing education benefits shall be administered in accordance with the Hospital's PEL policy in effect at the time of ratification.

ARTICLE 26 – BULLETIN BOARDS

The Hospital shall provide to the Union three locked bulletin boards in prominent locations (one each in the Main Campus, the General Hospital campus and the OIC), and one locked bulletin board in a prominent location at Redwood Memorial Hospital, each measuring approximately 36” by 48” for the purpose of posting printed union materials including meeting notices, Shop Steward and representative contact information, and official union newsletters.

Additionally, the Hospital will provide space on existing bulletin boards where available in designated break rooms and rest areas where bargaining unit employees take breaks.

The Union agrees that it will not post misleading, disparaging, demeaning or deliberately false statements toward the Hospital or any of its related entities, management, employees, proposals, policies or practices.

ARTICLE 27 – SUBCONTRACTING

Should the Hospital decide to permanently contract out work presently performed by a bargaining unit employee, it shall first give the Union thirty (30) days notice, and upon request, meet and confer regarding its effect on the employees. The Hospital will consider alternatives proposed by the Union. In the event the Hospital decides to contract out the work after meeting with the Union, the Hospital will use its best efforts to have the contractor hire the employees who would be displaced by the subcontracting

ARTICLE 28 – DISCIPLINE AND DISCHARGE

1. The Hospital shall have the right to assess discipline or discharge against any employee for just cause. This “just cause” provision shall not apply to an employee who is still in his/her introductory period.
2. The foregoing shall not limit the Hospital’s right to place an employee on paid administrative leave pending investigation to determine whether disciplinary action is in fact warranted.
3. The Hospital will utilize a system of progressive discipline unless there is a serious offense that warrants bypassing one (1) or more of the progressive disciplinary steps. If there are no further formal disciplinary actions within one (1) year from receiving a 1st written, 2nd written or final written warning, the disciplinary notice will not be considered for the purpose of future discipline. The one (1) year will be extended by the length of any leave(s) of absence.
4. Any employee involved in an investigatory discussion with Hospital management will be advised of the reason for the meeting and that it may lead to disciplinary action. Should

the employee have any questions about such meetings they may contact either the Union Representative or Human Resources.

5. Upon request from an employee, the employee has the right to request a Union representative be present during such meetings. However, the Union representative must be available to attend the meeting within seventy-two (72) hours, not including weekends and recognized holidays, of such request. The Union may request to reschedule an investigatory discussion one (1) time with Human Resources. Such requests will be granted provided the request is made within the initial seventy-two (72) hour time frame and the request is for a date that occurs within a reasonable timeframe. If a Union representative cannot be present within the seventy-two (72) hour time frame, or after the rescheduled date, the investigatory discussion may proceed as scheduled by the Hospital.
 - a. Notification to the employee of the need for an investigatory meeting shall be done in writing and include the date, time, and location of the meeting.
 - b. Investigatory meetings shall be limited to the issue(s) about which the employee was provided prior notification.
6. During any investigatory and/or disciplinary meetings, Hospital and Union representatives will conduct themselves in a professional and respectful manner.
7. The Hospital shall take disciplinary action no later than thirty (30) calendar days after the date the Hospital became aware of the act leading to discipline. The Hospital may request an extension if necessary to complete an investigation. The Union shall not unreasonably deny such a request.
8. When a disciplinary matter or investigation is closed, regardless of outcome, the employee will be notified of the outcome within one (1) week of the matter being closed.
9. In the case an interpreter is requested by an employee for an investigatory and/or disciplinary meeting, the interpreter shall be by mutual agreement between the Union and the Hospital.
10. Meetings of a disciplinary nature (i.e. 1st written, 2nd written warning, final written warning, suspension or termination) and/or fact findings shall take place in a private setting.

ARTICLE 29 – EMPLOYEE PERSONNEL FILES

1. There shall be one official HR personnel file for all bargaining unit employees. Employees shall be offered copies of all evaluations and other documents related to their performance which they have signed and are placed in their personnel file.

2. An employee who receives a written warning shall be given a copy of the warning and shall sign a receipt to acknowledge having received the document. Acknowledging receipt of the warning shall not constitute an admission of the employee's agreement with the substance of the warning. An employee shall have the right to rebut in writing any such disciplinary notice. Such rebuttals, other than grievances, shall be attached to the disciplinary notice and placed in the Employee's personnel file.
3. Employees may, at reasonable times and at reasonable intervals, review their official HR personnel files upon request. Review of personnel files shall not include a review of references. Review of personnel files may only be done during normal business hours and during an Employee's non-working time. Upon request, the Hospital will provide one copy of each requested document in the employee's personnel file.
4. Upon request from the Union and once the Employer is in receipt of written authorization from the employee, the Employer will provide an accurate, complete, and up to date copy of an employee personnel file.

ARTICLE 30 – GRIEVANCE AND ARBITRATION

1. Definitions

- a. A grievance is defined as a dispute concerning the interpretation or application of an express provision of this Agreement, except of those Articles or provisions that are expressly not subject to the grievance procedure.
- b. Days shall mean calendar days. The date of receipt of a particular form or report provided for herein will not count as a day for the purposes of calculating time periods contained in this Article. If the last day for responding and acting is a Saturday, Sunday or Holiday (as defined by this Agreement), the period shall be extended to the next day which is not a Saturday, Sunday or Holiday.

2. General

Grievances shall be resolved exclusively via the procedures set forth in this Article. Time periods provided for herein may be waived only by the express written agreement of both parties. Failure of the grieving party to comply with all applicable time frames shall cause the grievance to be dismissed with prejudice. If the Hospital does not timely respond to a Union grievance, the grievance shall automatically move to the next step.

- a. The parties shall agree that is their mutual intent to resolve all grievances, if possible expeditiously and informally. The parties further agree that grievances are best resolved by those closest to the issue where possible. Any grievance resolved at any step of the grievance procedure shall be resolved on a non-precedent setting basis unless the parties expressly agree otherwise in writing. All written agreements must be signed by the Hospital's Director of Human Resources and designated Union representative.

- b. Unless otherwise specified, all notices or forms to be filed by the Union must be filed with the Director of Human Resources or his/her designee. All notices and forms filed by the Hospital shall be filed with the Union.

3. Grievance Procedure Contract Interpretation

- a. Step 1 – Informal Review: The employee may first request a meeting with his/her supervisor/direct report (except for discharge situations) or Human Resources, to discuss the complaint informally. If the complaint is not resolved to the employee's satisfaction and if the employee wishes to pursue his/her complaint, the following grievance steps shall be followed.
- b. Step 2 – Review with Ministry Human Resources Partner: If the matter has not been resolved informally at Step 1, the Union must file a written grievance with the Director of Human Resources, or his/her designee. The grievance must be filed not more than twenty (20) days following the date the Union first became aware or of reasonably should have become aware of the incident from which the grievance arises. During the twenty (20) day period following receipt of the written grievance, the parties shall meet in an attempt to resolve the grievance. Neither party shall bring more than three (3) representatives to such meeting unless otherwise agreed to in advance by both parties; the Hospital shall bring the relevant supervisor and/or manager, the Union shall bring the grievant and no more than one (1) employee representative unless otherwise agreed. The Hospital shall respond in writing to the grievance within ten (10) days after the Step 2 meeting.
- c. Step 3 – Review by Director of Human Resources: If the grievance is not resolved at Step 2, or the Hospital fails to respond within ten (10) business days after the Step 2 meeting, the Union may proceed by delivering a written statement indicating its intent to proceed to the Director of Human Resources, or designee. This must be accomplished within twenty (20) days of the date of the Hospital's Step 2 response. During the twenty (20) day period following receipt of the written intent to proceed, the Director of Human Resources, or designee, the NUHW Staff Representative, or designee, and the parties shall meet in an attempt to resolve the grievance. Neither party shall bring more than three (3) representatives to such meeting unless otherwise agreed to in advance by both parties. No more than one (1) Union Shop Steward shall attend unless otherwise agreed to. The Hospital shall respond in writing to the grievance within ten (10) days after the Step 3 meeting.

4. Grievance Procedure Discipline and Discharge

- a. Step 1 – Review with Ministry Human Resources Partner: The employee or Union must file a written grievance with the Ministry Human Resources Partner, or his/her designee. The grievance must be filed not more than seven (7) days following the date the discipline is issued. During the seven (7) day period following receipt of the written grievance, the parties shall meet in an attempt to resolve the grievance. Neither party shall bring more than three (3) representatives to such meeting unless otherwise agreed to in advance by both parties; the Hospital shall bring the relevant supervisor and/or manager; the Union shall bring the grievant and no more than one

(1) Union Shop Steward unless otherwise agreed. The Hospital shall respond in writing to the grievance within ten (10) days after the Step 1 meeting.

- b. Step 2 – Review by Director of Human Resources: If the grievance is not resolved at Step 1, or the Hospital fails to respond within ten (10) business days after the Step 1 meeting, the Union may proceed by delivering a written statement indicating its intent to proceed to the Director of Human Resources, or designee. This must be accomplished within seven (7) days of the date of the Hospital’s Step 1 response. During the seven (7) day period following receipt of the written intent to proceed, the Director of Human resources, or designee, the Union Staff Representative, or designee, and the parties shall meet in an attempt to resolve the grievance. Neither party shall bring more than three (3) representatives to such meeting unless otherwise agreed to in advance by both parties. No more than one (1) Union Shop Steward shall attend unless otherwise agreed to. The Hospital shall respond in writing to the grievance within ten (10) days after the Step 2 meeting.

5. Hospital Grievances

Hospital grievances shall be submitted at the Step 3 level in writing to the Union’s Representative. If requested, a Union Representative and Director of the Human Resources, or designee, shall meet in an effort to resolve the grievance within twenty (20) days of the date of the written grievance. The Union shall provide an answer, in writing, within ten (10) days following the meeting, or within ten (10) days after the date of the Hospital’s grievance if no meeting is requested.

6. Arbitration

If the parties are unable to resolve the grievance pursuant to the above procedures, or the either party fails to respond within ten (10) business days after the Step 3 meeting, either party may submit a written request for arbitration to the other party within thirty (30) days of receipt of the Step 3 response.

Within seven (7) days of receipt of a request for arbitration, the parties will attempt to reach mutual agreement on an arbitrator. If they cannot do so in that time frame, they will jointly request a panel of seven (7) arbitrators from the FMCS. The parties will alternately strike names from that list until they have reached agreement, or only one (1) name remains.

The costs associated with the arbitration, such as arbitrator fees, room fees and transcript costs shall be shared equally by the parties. This Section does not apply to either party’s legal fees.

The Arbitrator shall have no power or authority to add to, to subtract from or to change any of the terms or provisions of the Agreement. The arbitrator’s authority will be limited to interpreting the provisions of the Agreement. The arbitrator’s decision will be final and binding upon all parties concerned.

ARTICLE 31 – NON DISCRIMINATION

There shall be no discrimination by either party to this Agreement or by any covered employees because of membership or non-membership in the Union, or because of participation or lack of participation in activity on behalf of or in opposition to the Union; or on the basis of race, religious creed, political affiliation, color, national origin, ancestry, physical or mental disability, medical condition, marital status, sex (including pregnancy, childbirth, and medical conditions relating to pregnancy or childbirth), gender/gender identity, gender expression, age, sexual orientation, military and veteran status, genetics, or any other legally protected characteristic.

ARTICLE 32 – SAFETY

1. The Hospital, the Union and the employees shall comply with their obligations and/or rights under applicable laws regarding safety and health in the workplace. The Hospital agrees to review and investigate claims involving health and safety concerns that are presented in writing by the employees and the Union following established Hospital protocols and the Hospital will provide a timely written response.
2. The Hospital shall continue to provide required in-service or other training and information to employees concerning health and safety.
3. The Union may appoint one (1) bargaining unit employee and one (1) alternate from each of the three (3) bargaining units to the Hospital's safety committee. The Union appointees (or alternates) shall be released from his/her duties with no loss of pay to attend safety committee meetings.

ARTICLE 33 – LABOR MANAGEMENT ADVISORY COMMITTEE

1. Objectives

The objectives of the Labor Management Advisory Committee (LMAC) are: to resolve disputes without resorting to the grievance process where possible; review concerns about patient care; staffing, evaluate and/or recommend improvements to internal processes for the benefit, health and safety of employees covered by this Agreement; and to otherwise provide a method to improve labor-management relationships at the hospital.

Nothing in this Article shall prohibit either party from filing a grievance without first bringing the issue to the LMAC.

2. Composition

The LMAC will be comprised of six (6) committee members, three each from the Hospital and the Union. Should either party wish to bring additional representatives as

guests or to address a specific topic, they will notify the other party of the additional representatives as part of the exchange of proposed agendas.

3. Meetings

The LMAC shall meet quarterly at mutually agreeable times. Upon mutual agreement, the LMAC may schedule additional meetings as needed. To the extent possible, the meetings shall be scheduled so as not to conflict with the work schedules of employee committee members. Union representatives shall suffer no loss of pay due to their participation in the LMAC.

The LMAC will schedule meeting dates one (1) year in advance. Proposed agendas will be exchanged in advance of each meeting with the intent of allowing the other party to properly prepare for the meeting.

4. Dispute Resolution

In the event the LMAC cannot resolve a difference of opinion, either the Union or the Employer, within thirty (30) days following the LMAC's failure to reach a resolution, may refer the difference of opinion to a mutually agreed upon neutral third party to mediate the dispute. If there is no agreement on the mediator, the mediator shall be selected from the Federal Mediation and Conciliation Service. The mediator shall not have the authority to issue a binding decision.

In making any recommendation, the Mediator must take into account area standards on staffing, state and federal laws, physician recommendations regarding quality of care, business and any other relevant information presented by the parties.

ARTICLE 34 - SAVINGS

Should any provision of this Agreement be found to be in conflict with State or Federal law by a court or government agency of competent jurisdiction, the remainder of the Agreement shall remain in full force and effect. In the event of such a finding, the parties will meet and attempt to negotiate a substitute provision.

ARTICLE 35 - SUCCESSORSHIP

It is the intent of the parties to this Agreement that it shall remain in force and effect for its term, notwithstanding any sale or transfer by the Hospital to any other entity. The Hospital may not use any sale, transfer or other mechanism to evade the terms of this Agreement.

ARTICLE 36 – STRIKES AND LOCKOUTS

1. For the duration of the Agreement, and any extensions there to, the Union and its members or other agents shall not threaten, sanction, encourage nor participate in any way in any strike, sympathy strike, walkout, slowdown, sickout, or other interference with any operation of the Hospital covered by this Agreement. In the event any such action occurs, or is threatened, the Union and its representatives will immediately take all appropriate action to end or avert same.
2. The Hospital agrees that during the term of this Agreement or any extensions there to, it will not engage in any lockout of employees covered by this Agreement.
3. Neither the violation of any provision of this Agreement by any person, nor any other act or omission by any representative of either party, will excuse either the Union, the Hospital or bargaining unit employees from any and all of their obligations covered by this Article.

ARTICLE 37 – DURATION

This Agreement shall become effective upon ratification (April 12, 2016) and shall remain in full force and effect through April 12, 2019.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the effective date of the Agreement.

APPENDIX H – SIDE LETTER – RESIDUAL SERVICE UNIT – ST. JOSEPH EUREKA

Scope of Agreement

Any mandatory subject or impact related to a mandatory subject not covered within this agreement or the existing CBA is subject to bargaining at the request of either party. The parties may agree to engage in additional bargaining over non-mandatory subjects by mutual agreement. The terms and conditions of the existing CBA shall apply except as outlined in this side letter.

Wages

The employees will be placed on the appropriate grade and step as indicated on the attached spreadsheet effective the beginning of the next full pay period.

In the event an employee is making above the appropriate wage, they will be “red-circled,” i.e. they will not receive base pay increases until the scale passes their existing wage. Those individuals will receive a one-time bonus equivalent to the raise (step or cost of living) they would have otherwise received.
