

Kindred Hospital Bay Area  
**BARGAINING UPDATE**

APRIL 4, 2017

# KINDRED OFFERS LITTLE IMPROVEMENT

Kindred has increased its economic offer by a minuscule amount –  
offering annual raises of only 2.5 percent for the RNs  
and 2.25 percent for the Professionals.

Kindred has also rejected our proposal of a \$5 differential for workers  
when training, mentoring, or orienting new employees.

If you are not willing to accept a 2.25 percent or 2.5 percent raise  
and no improvement in your vacation and holiday benefits,  
**join us at the next bargaining session.**
