

JOIN US ON THE PICKET LINE! TUESDAY, APRIL 25

We're picketing for better wages, job security, and increased full-time staffing.

We are united and refuse to be treated like second-class citizens!

A informational picket is not a strike or a work stoppage. It's a picket line outside the hospital that we join before work, after work, and on our lunch break.

It sends a message to management that we are willing to fight for a contract that safeguards jobs and offers fair pay.

WHAT HAPPENS DURING AN INFORMATIONAL PICKET?

- We'll walk with signs and chant to show the community that Fountain Valley has treated us unfairly.
- We'll take our breaks and lunches out on the picket line. If we're off that day, we can spend more time on the picket line. Lunch will be provided.
- We'll wear our red NUHW t-shirts to show that we are united.
