

# WE HAVE A UNION CONTRACT!

88 percent approval for new contract!

We ratified a contract that secures our jobs, improves our benefits and wages, and provides us with the foundation to build a strong organization.

**Congratulations to everyone who helped us win!**

"I've worked at this hospital for 33 years, side by side with other union members, and now we have a contract... finally!"

Catherine Ewing  
Labor & Delivery, Unit Secretary

**Our bargaining team will meet soon to plan next steps:**

- 1** elect shop stewards in all departments
- 2** establish our patient care committee
- 3** educate members about our rights under our new contract

Take a look at a video and pictures from our ratification vote:
