

TO END UNDERSTAFFING, WE MUST REPORT UNDERSTAFFING!

We took management's word that they would hire more CNAs.
But they didn't follow through.

We marched on the boss. But nothing changed.

We requested bonuses because we're doing the work of two people.
But management offered bonuses to everyone but CNAs.

Enough is enough!

We can't let management divide us with bonuses, and we can't let them ignore
the toll that understaffing is taking on us and our patients.

It's time to let the state know what's happening at our nursing home.

**When you see short-staffing or any other issue
that impacts patient care, please call the California
Department of Public Health's compliance hotline at
916-263-5800. You don't have to leave your name.**
