

WE'RE FORMING A UNION

TO IMPROVE DISTRICT STANDARDS FOR BEHAVIORAL AND MENTAL HEALTH SERVICES

*As Mental Health Therapists and Behavior Support Specialists,
we share EGUSD's commitment to student wellness as a means of achieving their full potential.*

In order to provide the best services we can to our students, we need a say in decisions about our clinical code of ethics, staffing, and caseloads. Unionizing will allow us to be heard by the district and improve our standards of care as our department grows.

We are forming a union with NUHW to advocate for our students and our coworkers and to negotiate a union contract that will:

- Give us a real voice in our clinical practice and our decisions regarding student needs
- Ensure adequate office space to conduct therapy sessions and do documentation work
- Protect and improve staffing and benefits
- Clearly define our job responsibilities

Join us in our effort to improve standards for district staff and students!

Sincerely,

Our NUHW Organizing Committee

Lezette Azevedo, Mental Health Therapist
Susannah Fox, Behavior Support Specialist
Willona Jefferson, Behavior Support Specialist
Corri Chadwick, Mental Health Therapist
Monica Lopez, Behavior Support Specialist

Patrick Yuen, Behavior Support Specialist
Savy Noun, Behavior Support Specialist
Roshni Patel, Mental Health Therapist
