

DOES KINDRED OWE YOU MONEY?

ATTEND OUR WAGE INCREASE WORKSHOP TO LEARN MORE

One of the many achievements we accomplished in our last contract with Kindred was an 8 percent raise over three years. Unfortunately, we recently became aware that Kindred failed to implement the annual raise for one of our members.

That error has been corrected, but we want to make sure that everyone is collecting their full paychecks.

Therefore, we are holding workshops at the Mendocino Room where we will go over people's paystubs to make sure that no one is being shortchanged.

Friday July 20

12pm-3pm
6pm-8pm

Saturday July 21

12pm-3pm
6pm-8pm

Please bring two paystubs before and after each of the following dates:
Aug. 14, 2015, Aug. 1 2016 and Aug. 1 2017.

During the sessions, we will also talk about our priorities for our upcoming contract, review bargaining survey results and hear from members of our bargaining team.

To win a strong contract we need a strong, committed bargaining team and lots of active members.

LET'S GET INVOLVED, GET ACTIVE AND RAISE OUR VOICES!
