

USC PICKET!

Hundreds of us attended Wednesday's picket!

Every section of our union participated, including workers from Keck, Norris, the ambulatory clinics and Sodexo. Together we sent management a strong message that we are united in our quest for a fair and equitable contract.

Special thanks to our RN brothers and sisters who joined us in solidarity.

Our picket was covered by CBS, Telemundo and students from USC's Annenberg Media Center. Mike Eng, a candidate for State Senate, spoke during our rally as did a representative for State

Sen. Kevin de León, who is running for U.S. Senate.

We are in process of confirming upcoming bargaining sessions, during which we hope to resolve the following issues:

Increasing our pay-scales Settling the floating issue to protect our jobs and our patients Bringing our dietary and cafeteria workers in-house

We hope that USC Keck/Norris will now understand that it's time to settle a fair contract — And if don't, that we're willing to stage a full-on strike to win a fair deal.

In Unity,

The Keck and Norris Bargaining Team
