

KAISER PERMANENTE HEALTHCARE PROS BARGAINING UPDATE

OCTOBER 19, 2018

SESSION
11

Two months after we gave Kaiser our economic proposal, their chief negotiator gave us what she termed a “credible” offer.

Here it is in it's entirety. You be the judge.

It is clear that Kaiser will not agree to a fair contract unless we convince them we are all ready to do whatever it takes. If you haven't already done so, please sign the strike authorization petition. Our bargaining committee and stewards will be deciding next steps and will keep you updated.
