

98% VOTE TO STRIKE!

On January 10, NUHW members at Marin General Hospital voted to authorize our NUHW Bargaining Team to schedule a one-day strike if and when it becomes necessary.

So far, management is sticking to its proposal to charge hundreds of dollars per month to employees for health insurance, while refusing to offer decent wage increases in exchange. Management is insisting on takeaways while making tens of millions of dollars in profit each year.

This is disgraceful.

We have four bargaining sessions scheduled in the coming weeks. We are now armed with the authorization to call for a strike if management continues its stubbornness at the bargaining table.
