

PETALUMA VALLEY HOSPITAL BARGAINING UPDATE

MAY 23, 2019

Bargaining has officially begun at PVH, and our first session was a productive one. Our NUHW bargaining team came to the table prepared, and we were able to reach tentative agreements (TAs) on a total of 13 articles.

At the start of bargaining, we proudly welcomed our RN sisters and brothers from SNP, who showed-up to stand in solidarity with us!

Several members of our bargaining team read a powerful statement about how an overwhelming majority of our fellow 2,500 NUHW members working within Providence St. Joseph Health System hospitals across California have publicly declared our commitment to improving the lives of our patients, our families and the communities that we serve by working together in a coordinated, statewide campaign.

The administration's chief negotiator was dismissive of our data requests and believes that travelers should continue to stay on the job while our own caregivers are ROH'ed at their own expense, so we know we're going to have to show up and fight for what's important to all of us!

Stay tuned — we'll be sure to let everyone know when our next bargaining dates have been confirmed.

In the meantime, let's all be sure to stand in solidarity with SNP as they continue to fight for their contract, too! SNP's next bargaining session is this Friday, May 24, beginning at 10:00 A.M. in Burns Hall.

Be sure to contact your bargaining team member with any questions or concerns.
