

SANTA RITA JAIL

WE RATIFIED OUR CONTRACT!

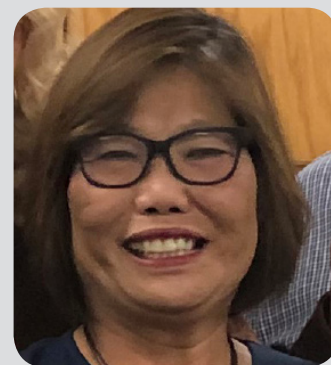

Congratulations!

The tentative agreement was ratified by NUHW membership with a YES vote of 88%!

Our four-year contract provides new across-the-board salary increases, extended PTO accrual schedule, seniority rights, and more.

It also includes for a new step on the wage scale for workers on their 30th anniversary, more paid-time-off for workers after their tenth anniversaries, and a cap on increased health insurance costs.

“I’m proud of my co-workers for standing united and winning a good contract with good raises and better benefits. I’m excited to defend what we’ve won in the contract and to continue working with my coworkers to provide the best possible care to people at Santa Rita.”
