

NUHW-KPC CONTRACT NEGOTIATIONS UPDATE

August 2, 2019

Your NUHW Bargaining Committee met with KPC management on July 24. In membership meetings leading up to that bargaining session, Seton members made it clear that many of management's proposed changes were unacceptable, including take-aways on healthcare and retirement benefits. In bargaining on July 24, we expressed members' response to these proposed take-aways in no uncertain terms.

**While Seton owners come and go,
it is the workers who keep
this hospital running and
provide important services
to our community.**

In Unity,
Your NUHW Bargaining Committee

UPCOMING

**Wednesday, August 14: Negotiations
The Heart Institute at Seton**

**Late August: The Attorney General's
Hearing on KPC's Takeover of
Seton/Seton Coastside (details to follow)**

Please join us and show management we are determined to keep our contract with fair wages and benefits which we have fought to achieve over many decades.
