

SANTA ROSA MEMORIAL HOSPITAL

WE MADE OUR VOICES HEARD AND MANAGEMENT LISTENED!

A group of our coworkers from Nutrition Services recently met with management and human resources about changes that were made to our shift tasks and schedules without bargaining those changes with us first.

Since that meeting, it's been announced that management is reinstating the cleaning shifts in question.

Together, we're standing up for what's right. We deserve to have a say in our working conditions and we will continue to hold management accountable to do the right thing.
