SEIU-UHW CUTS...

Don’t put your wages, benefits, or your JOB on the chopping block!

SEIU-UHW has proven, time and time again, it will sacrifice workers’ benefits and protections — in keeping with its management-friendly approach to bargaining. In just the last few years, SEIU-UHW has:

- Agreed to freeze wages for two years and even longer at numerous workplaces.
- Agreed to facility closures and thousands of layoffs at Kaiser Permanente, as well as extensive flexing.
- Agreed to eliminate paid family healthcare and dramatically increase premiums and copays for workers.
- Agreed to eliminate pensions for tens of thousands of workers and slash retirement funds for others.
- Allowed Kaiser workers to be disciplined and terminated without union representation
- Agreed to a 5% wage cut for SEIU members

SEIU: IT’S JUST NOT WORTH IT. WE’RE STAYING UNITED IN NUHW!
