WEINGARTEN RIGHTS/STATEMENT

Additional Representation Rights:

The following holding of the U.S. Supreme Court in NLRB v. Weingarten, Inc., shall apply to investigatory interviews conducted by the employer that an employee, upon his/her/their request, is entitled to have a Union representative present during an investigatory interview in which the employee is required to participate where the employee reasonably believes that such investigation will result in disciplinary action. The right to the presence of a Union representative (Union Organizer or Union Steward) is conditioned upon a requirement that the Union representative be available for participation in such investigatory interview within twenty-four hours, excluding Saturday, Sunday, and Holidays, of the employee's request for his, her or their presence.

Weingarten Rules/Statement:

"I request to have a Union representative present on my behalf during the meeting because I believe it may lead to disciplinary action being taken against me. If I am denied my right to have a Union representative present, I will refuse to answer accusatory questions and any I believe may lead to discipline."

Rule 1: The employee must make a clear request for Union representation before or during the interview. The employee cannot be punished for making this request.

Rule 2: After the employee makes the request, the employer must choose from among three options:

1. Grant the request and delay questioning until Union representation arrives and has a chance to consult privately with the employee;
2. Deny the request and end the interview immediately;
3. Give the employee a choice of having the interview without representation or ending the interview.

Rule 3: If the employer denies the request for Union representation and continues to ask questions, the employer commits an unfair labor practice and the employee has the right to refuse to answer. The employer may not discipline the employee for such refusal.

c. Short-Hour

An employee who works a predetermined work schedule of fewer than twenty (20) hours per week and who may work other relief hours (PTO/ESL i.e. vacation, holiday, sick leave, leave of absence, etc.) or increased hours temporarily because of fluctuations in census, as agreed between the employee and the Hospital.

a. Temporary Displacement (Call Off/Daily Cancellation)

Temporary displacement is defined as a displacement which is not expected to be more than one (1) to fifteen (15) calendar days.

d. Per Diem Employee First to be Displaced

Per Diem employees shall be the first to be displaced and the last to be recalled when there is reduction of the work force, and short-hour employees shall be next according to seniority to be displaced and recalled.

10.2 DISPLACEMENT AND RECALL

a. Order of Temporary Displacement (Daily Cancellations)

Except in cases where specialized work or skill or trained personnel are required on the job, employees in the affected shift, classification and department, shall be displaced (called off/cancelled) in reverse order of seniority in the case of temporary displacement.

i. Volunteers. The Employer will seek volunteers before enacting a temporary displacement.

ii. Departments. The Hospital shall establish the departments applicable to its particular operation and post the same on the bulletin boards. For the purpose of

this Section and subject to the above exception, the departments are as set forth in Appendix C in the Agreement. Additional departments that may be posted depending upon the administrative framework of the Hospital will be mutually agreed upon.

- iii. Notice of Temporary Displacement. The Hospital will call and attempt to reach employees subject to temporary displacement as soon as possible prior to the displacement, but not less than three (3) hours in advance.
- iv. Recall from Temporary Displacement. Employees who are temporarily displaced from a shift, classification and department shall be recalled in order of seniority.

b. Order of Indefinite/Permanent Displacement

Except in cases where specialized work or skill or trained personnel are required on the job, employees in the affected classification and department shall be displaced in reverse order of seniority in the case of indefinite displacement or permanent elimination of a position or service.

- i. Notice of Indefinite/Permanent Displacement. Employees subject to indefinite or permanent displacement will be notified no fewer than ninety (90) days prior to the displacement or the conversion of a temporary displacement to an indefinite displacement. Notice shall be provided to the Union and the parties will bargain over impact(s) related to the layoffs.

c. Temporary Reduction

If, in the case of indefinite displacement, the Hospital or employees in a department or unit wish to reduce hours in such department or unit up to a maximum of twenty percent (20%) a week in lieu of or in addition to displacement as above provided, they may agree to do so only if the majority of the employees in such department or unit vote by secret ballot in favor of such action, provided the Union representatives first have an opportunity to give their position on the matter to the employees involved and are present when the vote is taken. Such reduced workweek shall not extend beyond six (6) consecutive weeks in any calendar year.

d. Notice

Employees who do not receive 90 days notice per Subsection 10.2)(b)(i) above shall receive at least two (2) weeks' pay in lieu of such notice.

e. Per Diem Work for Displaced Employees

Employees with seniority on indefinite or permanent displacement will be called for per diem work in their classification and department in order of seniority by employee category (Full-time or Part-time and then Short Hour and then Per Diem) and shall be given preference over all other employees within their classification who are seeking per diem work; provided the employee called to work must be able to properly perform the work to be done. Such employees will be paid a premium in lieu of benefits for all such hours worked, subject to the provisions of 7.1(d).

f. Exception to Notice

In the case of notice under this Section, such notice shall not be required in the event of war involving invasion of the United States or its territories or protectorates, civil unrest, equipment breakdown, natural disasters or acts of God.

g. Upon mutual agreement the Union and the Employer may agree to an alternative agreement regarding reduction in force.

10.3 TRANSFER RIGHTS

After all regular employees in the bargaining unit have bid for any available positions in conformance with the process of 10.4(a)(i) and (ii) and a vacancy still remains unfilled, the Hospital will fill such vacancy in the following manner:

a. Orientation and Training

A regular employee who is subject to displacement and who is interested in being oriented and/or trained for vacant positions covered by this Agreement, may request to be provided training and/or orientation by the Hospital for a specific vacant position. Such employee shall be considered capable of qualifying for a vacancy if they have the skills and abilities for such training, have demonstrated satisfactory job performance in the reasonable judgment of the Hospital and can perform the duties of the position after a reasonable training/orientation period. This training/orientation period shall not exceed ninety (90) days. If in the reasonable judgment of the Hospital, an employee does not satisfactorily perform the job duties after one hundred and twenty (120) calendar days, the employee will be subject to displacement.

b. Bumping into Another Classification

If no vacancy is available, an employee who has six (6) or more years' seniority and is subject to permanent or indefinite displacement shall have the right to displace the least senior employee who:

- i. holds a position which provides at least the same number of scheduled hours previously worked by the employee subject to displacement (or, if no such position is available, with scheduled hours most closely approximating the employee's scheduled hours prior to displacement); and

- ii. works in a classification within the affected department that is paid at an equal or lesser rate, provided that the employee must be qualified to perform the work to be done in the new position. An employee who displaces a less senior employee under this paragraph 10.3(b) shall be paid at the regular rate for the new position with credit towards tenure steps in the new position for service in the employee's former classification.

c. Recall Rights after Transfer

An employee transferring to a new classification or department under this Section shall retain those recall rights in the former classification which were earned up to the time of transfer and can exercise such rights if a vacancy occurs in such classification in the twelve (12) months following displacement. During such twelve (12) month period, the employee will be included in his/her/their former department rather than in the new department in bidding for vacancies under Section 10.4.

d. Severance Pay

For all employees, regardless of funding source, in the event that the Hospital desires to initiate an indefinite or permanent displacement or reduction in force to any employee(s), the Hospital shall give at least ninety (90) days' notice to the affected employee(s) and the Union, and shall bargain with the Union over the impacts of such.

The Hospital will provide severance as follows for regular full-time and regular part-time employees, regardless of funding source, who are subject to indefinite or permanent displacement and who do not accept work as Per Diem or short hour employees.

Length of Service	Weeks of Salary
Fewer than 2 years	2 weeks
2 years but fewer than 5 years	3 weeks
5 years but fewer than 8 years	4 weeks
8 years but fewer than 10 years	5 weeks
10 years but fewer than 12 years	6 weeks
12 or more years	7 weeks

10.4 PERMANENT VACANCIES

a. Qualifications/Performance/Seniority

In the case of an open bargaining unit position of the same shift, or another shift, employees shall, upon written bid under Section 10.5 [Posting Requirements], be awarded the vacant position in the following order of seniority if they meet the qualifications of the job as stated in the job description and if their work performance has been satisfactory on their current job in the last twelve (12) months.

- i. Regular full-time and regular part-time employees within the department
- ii. Regular full-time and regular part-time employees from all departments
- iii. Short-hour employees within the department
- iv. Short-hour employees from all departments
- v. Per Diem employees within the department
- vi. Per Diem employees from all departments
- vii. Former employees who have been displaced for less than one (1) year
- viii. Employees who have been off the payroll for less than one (1) year as provided in Subsection 10.4(b)
- ix. Other applicants

Refer to definitions of department in Appendix C.

Notwithstanding the above, an employee who applies for, and is awarded, two (2) posted positions in a twelve (12) month period, excluding the initial hire, may apply for a third position but prior to being awarded, the Hospital and the Union will convene a meeting with the employee to:

- Explore the Hospital conditions and individual motivations for why the employee vacated the two previously held positions
- Discuss the impact on the employee and the Hospital
- Identify ways to support the employee and identify issues that exist within the employee's current and previous departments that need to be addressed.

- b. Subsection 5.6 [Promotion] shall apply to compensation in the event the vacancy involves a promotion. Former employees, who have been off the Hospital payroll for less than one (1) year and who have not been discharged for cause by the Hospital and who have not resigned without giving two (2) weeks' notice unless the same is waived, will have their applications for posted jobs considered before other applicants, provided that they meet the qualifications for the posted job and have a prior record of satisfactory performance at the Hospital.

- c. Ninety (90) Day Evaluation Period after Promotion/Transfer

Employees who are promoted to a new position or who transfer to another position through the bidding process, shall have orientation as necessary, and such employees shall have up to ninety (90) days of evaluation of their performance. If at any time within such ninety (90) day period, the employee fails to perform satisfactorily; such employee shall be returned to his/her/their former position without any change in seniority or wage rate in the former position.

- d. A Per Diem employee who has been on the payroll for thirty (30) days or more and who is qualified and eligible under the Agreement to bid on a posted job shall be preferred in the selection process over other Per Diem employee applicants with greater seniority, provided such Per Diem employee has a significantly larger number of hours of work than the other Per Diem employees. A significantly larger number of hours means such Per Diem employee has worked one hundred sixty (160) hours longer within a three (3) month period than other Per Diem employee applicants with more seniority.
- e. Written request for transfer to a vacancy that may potentially occur within the Hospital may be submitted in advance, provided such request is submitted in writing to the department, in which the potential vacancy may occur, with a copy to the Personnel Department of the Hospital. Such written request shall constitute an automatic bid for thirty (30) days. It is understood that any bid or written request under this paragraph is limited to vacancies or potential vacancies in positions subject to this Agreement.
- f. Quarterly Report on Vacancies and Vacated Positions

On a quarterly basis (on or around February 1, May 1, August 1, and November 1), the Hospital will provide a report of bargaining unit vacancies and vacated positions that will include job title, department, FTE (of both the vacated and posted positions), shift, reg/temp status, date vacated (if applicable), date approved for posting (if applicable), and the name of the employee who last filled the position (if applicable).

The report shall include vacancies of the following various types:

- i. Positions that have been posted.
- ii. Positions that have been approved for posting but have not yet been posted.
- iii. Positions that have been vacated but have not yet been approved for posting.
- iv. Vacated positions that the Hospital has decided not to post.

When a position is approved to be posted, the Hospital shall, within twenty-one (21) days, post the position.

It is agreed by the parties that minor violations of this subsection (10.4f) shall be dealt with informally, if possible.

It is further agreed by the parties that grievances filed by the Union over violations of this Subsection (10.4f) shall generally not involve monetary remedies, unless the alleged violation is egregious and consistent.

10.5 POSTING REQUIREMENTS

Except as provided in Subsection 10.3(c) hereof it is understood that in none of the foregoing instances does the contract contemplate a bumping procedure. Bargaining unit positions in any department will be posted for five (5) working days in a location or locations accessible to all employees so that employees in the department who wish to do

so and who think they may be qualified shall have an opportunity to apply. This does not prevent the Hospital from filling the vacancy on a temporary basis during the five (5) day posting period.

10.6 USE OF PER DIEM LIST

a. Workers Eligible for Per Diem Work

Except in cases where specialized work, skill or trained personnel are required on the job, regular part-time employees who are available for per diem work, short-hour employees who are available for per diem work, and Per Diem employees shall be called by classification within the department on a rotating basis for available work on a specific shift or on all shifts.

Each per diem employee must provide their availability for a total of three (3) shifts per month (unless otherwise agreed to by the parties), and one (1) of those three (3) shifts must include one (1) weekend shift per month in those areas that provide weekend care, for the purposes of night shift, this availability would be either Friday or Saturday night.

b. Workers Working Extra Shifts Cannot Displace an Employee Working Regular Shift

Employees who agree to work extra shifts beyond their regular schedule may not displace an employee working his/her/their regularly scheduled shift.

c. Availability List

Each department manager or designee shall establish an availability list, on which regular part-time or short-hour employees who wish to work extra (per diem) shifts may indicate their availability for such work. Each department manager or designee may determine how far in advance of the available work employees must sign the availability list; provided, however, that sign-ups may not be required more than ninety (90) days in advance of the potentially available work, nor fewer than forty-eight (48) hours in advance of such work

Employees who place themselves on the availability list who fail to accept extra work assignments (unless protected by Subsection 8.6(c)), two (2) times within a ninety (90) day period shall be removed from the list, as follows:

The Hospital must notify the per diem employee in writing if:

- i. The per diem employee has not worked three (3) shifts in a four (4) month period. Upon request by the employee, the Hospital will inform the employee of how many more shifts the employee must fulfill to meet the minimum requirement of three (3) shifts in six (6) months.
- ii. The per diem employee has not provided shift availability for one (1) month and will be subject to termination if the employee does not provide availability for a second consecutive month.

The Hospital will advise Per Diem employees of the times when they will be notified regarding work assignments.

11.4 PROCEDURE FOR DISTRIBUTION OF OVERTIME

a. List

A list will be maintained in each department or unit by job classification of employees interested in overtime.

b. Order of Offer of Overtime

When the Hospital determines overtime is necessary, employees will be offered overtime in the following manner:

- i. The Hospital will offer overtime first on the basis of seniority by calling/notifying employees who have expressed an interest in overtime by placing their name on the department/unit list. The Hospital's obligation shall be to offer overtime in person or place a telephone call, and if there is no answer, or the overtime is rejected, the Hospital shall offer the overtime to the next person on the list.
 - ii. As an exception to a. above, overtime needed for short periods of time, generally fewer than three (3) hours, will not be offered by seniority, e.g. overtime to complete a task, such as, but not limited to, charting, or project work.
- c. For purposes of this procedure, if no one accepts the offer of overtime in a unit, overtime will be offered by seniority to employees who have met the requisite competencies.

SECTION 12 – SHORT HOUR, PER DIEM AND PART-TIME EMPLOYEES

12.1 BENEFITS FOR PART-TIME EMPLOYEES

A regular part-time employee shall receive pro-rated PTO, pro-rated ESL, and pro-rated educational leave. In addition, such employees will be covered by the Health Plan, the Dental Plan, the Prescription Drug Plan, the Vision Care Plan, Long Term Disability, and the Group Life Insurance Plan. Retirement benefits as provided under the Retirement Plan for Children's Hospital and Research Center at Oakland are also available to regular part-time employees who meet eligibility service requirements as defined in Section 21.1.

- a. no short-hour or Per Diem employee shall advance more than one (1) tenure step during the twelve (12) month period commencing with date of employment or date of employee's most recent tenure advancement;

- b. the accumulation is accomplished in no more than three (3) consecutive years; and
- c. a more beneficial practice in effect at the Hospital shall be maintained for current employees.

SECTION 13 – JURY DUTY

13.1 COMPENSATION

- a. An employee called for jury duty will receive the difference between jury duty and normal straight-time earnings. As a condition to jury pay, the employee must notify the Hospital as soon as is reasonable after receiving notice to report (normally within twenty-four [24] hours).
- b. When an employee is required to serve on jury duty for more than fourteen (14) calendar days, the Hospital will use its best effort to adjust that work schedule to coincide with a Monday to Friday schedule for the remainder of the jury service.

13.2 PROOF OF JURY DUTY

Also, as a condition to receiving jury pay, the employee must produce a receipt from the Jury Commissioner that the employee has been called or served, if such receipts are provided.

13.3 ACTION OF EXCUSED FROM DUTY

If an employee is excused from serving in time to complete a portion of the employee's shift, the employee will advise the Hospital by telephone and, if requested to do so, return to the Hospital to complete that shift.

13.4 HOURS OF WORK AND JURY DUTY

- a. An employee excused in time to work at the Hospital as provided above shall not be required to work in the Hospital to the extent that the combination of service on jury duty and hours worked in the Hospital exceed a normal eight (8) hour shift.
- b. Night shift employees shall be excused from work on the night shift immediately preceding and immediately following service on jury duty, for which they will receive one (1) shift as jury duty pay and one (1) shift as leave without pay or PTO at the employee's option.
- c. In the event that a combination of service on jury duty and hours worked in the Hospital exceeds a normal forty (40) hour work week, the Hospital will use its best efforts to grant a regular employee the weekend off, if such employee is scheduled to work the weekend.

13.5 ALTERNATIVE SCHEDULE EMPLOYEES

For employees who are regularly scheduled to work a shift of greater than eight (8) hours, references to eight (8) hours in this Section shall be changed to the number of hours in said shift, as applicable.

SECTION 14 – BEREAVEMENT LEAVE

- 14.1 When death occurs in the immediate family of a regular employee, such employee will be entitled, at his, her or their option, to one (1) to three (3) days leave of absence with pay within seven (7) days of the date of death or funeral services for those scheduled days of work that would have been worked but for the leave of absence.
- 14.2 An additional four (4) days of leave without pay shall be allowed for the employee to attend a funeral out of the State of California for an immediate family member as defined in Section 14.4, for which an employee shall use PTO if available.
- 14.3 The Hospital may require reasonable proof of death in order to qualify an employee for bereavement leave.
- 14.4 Immediate family is defined as parent, child (natural, adopted, or stepchild), spouse, domestic partner, sibling, current mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or step relatives, grandchild, grandparent, a person who acted *in loco parentis* (in place of parent) to an employee before the age of 18, or any other person for whom the employee has a personal obligation who is residing in the employee's household.

Upon hire, an employee may submit to Human Resources, in writing, a list of up to three (3) additional individuals whom they consider to be "immediate family" to qualify as "immediate family" for the purposes of this article in lieu of up to three (3) persons listed above. Existing employees may submit the list of up to three (3) people in lieu of up to three (3) of the persons listed above during the 2022 Open Enrollment period.

SECTION 15 – PAID TIME OFF / EXTENDED SICK LEAVE PROGRAM

15.1 ELIGIBILITY AND COVERAGE

a. Eligibility

- i. Full-Time and Part-Time Employees. This Section and its Paid Time Off Program shall apply only to Regular full-time and Regular part-time employees, except as noted in 15.6(b) below.
- ii. Short Hour and Per Diem Employees. Short -Hour and Per Diem employees are not eligible to participate in the PTO program. Short-Hour and Per Diem employees, however, will be eligible to accrue one (1) hour of paid sick leave for

every thirty (30) hours worked. Short-Hour and Per Diem employees shall not be entitled to use such paid sick leave until after ninety (90) calendar days of employment with the Hospital.

b. Benefits in Addition to PTO

The PTO program is in addition to Section 13 [Jury Duty], Section 14 ([Bereavement Leave], and Section 25 [Education Leave].

15.2 ACCUMULATION OF PAID TIME OFF

a. PTO Schedule

- i. Beginning of Accrual and Schedule. Regular full-time employees shall accrue PTO and Extended Sick Leave (ESL) in accordance with the schedule set forth below, based upon their continuous length of Regular employment. PTO/ESL accrual is prorated for Regular part-time employees on the basis of hours paid during a pay period. Benefits begin upon the first (1st) day of employment, subject to the provisions described in the following sections.

Length Service	PTO Hours Accrued Per Pay Period	ESL Hours Accrued Per Pay Period	Approximate Total Combined Hours Per Pay Period
During 1st Yr.	8.62 hrs.	1.54 hrs.	10.16 hrs.
During 2nd - 4th	10.16 hrs.	1.54 hrs.	11.70 hrs.
During 5th - 9th	11.70 hrs.	1.54 hrs.	13.24 hrs.
During 10th +	13.24 hrs.	1.54 hrs.	14.78hrs.

- ii. Minimum PTO Accrual

In no event shall an employee accrue less than one (1) hour of PTO for every thirty (30) hours worked. Should an employee's paid hours in a pay period entitle the employee to more than 8.62 hours of paid time off at a rate of one (1) hour's paid time off for every thirty (30) hours worked, then that rate will be used to calculate the employee's PTO accrued for that pay period.

15.3 PTO/ESL BASED ON PAID HOURS

PTO/ESL for Regular employees is based upon paid hours each pay period. "Paid hours" means up to eighty (80) hours per pay period comprising hours worked, PTO/ESL hours paid, overtime, hours worked on a holiday, leave for jury duty, bereavement leave, educational leave, and military active duty for training. Not included in paid hours are any other forms of premium or compensation not listed in the preceding sentence.

15.4 EXTENDED SICK LEAVE (ESL)

There shall be no maximum cap on the amount of ESL that may be accumulated for future use.

15.5 UNPAID ABSENCES

If an employee is on unpaid status with the Hospital (e.g., unpaid leave of absence, displacement, unpaid disciplinary status) for an entire pay period, there will be no accumulation of PTO/ESL for that pay period. "Unpaid status" means that there were no "paid straight time hours" in that pay period.

15.6 SCHEDULING AND USE OF PTO

a. PTO's Use

PTO can be used for vacations, paid holiday time off, religious observances, dental or doctor visits, personal or family needs or business, education, physical disability of three (3) scheduled workdays or less, and/ or as secondary pay to supplement State Disability Insurance, Workers' Compensation, or any other reasons deemed appropriate by the employee, including for any reasons permitted by the Oakland Paid Sick leave Ordinance.

b. Requests for PTO

Requests for PTO will be governed by the provisions described below. The provisions of this Section 15.6(b) shall apply not only to Regular full-time and Regular part-time employees, but also to Short Hour employees. The parties agree, however, that references to PTO below are to be understood as unpaid time off for Short Hour employees. The purpose of this is to include Short Hour employees in the process for submitting requests for time off and being awarded time off alongside full-time and part-time employees, though the time off is paid for full-Time and part-time employees but is unpaid for Short Hour employees.

i. Advance Requests for PTO (for employees other than Pharmacists)

- (1) Time of Submission of Requests. Employees shall submit their PTO preference dates in writing by February 1st of each year and the Hospital will post a schedule by March 1st of each year.
- (2) Selection Based on Seniority. An employee's preference for scheduled PTO shall be based upon seniority where the numbers of bargaining unit employees requesting the same time off would unreasonably impair the operation of the department. In cases where employees wish to split PTO weeks, preference for selection of the second portion of split PTO shall take place on a seniority basis after all employees on the seniority list for PTO have had an opportunity to make a first choice.
- (3) Ranking split PTO weeks. Each employee will rank each portion of their PTO request. If the employee's first choice is unavailable for the first round of PTO review, the Hospital will consider the employee's second choice before moving on to the next employee's request. If the employee's second choice is not available, the Hospital will consider the employee's third choice before moving on to the next employee's request.

ii. Advance Requests for PTO (for Pharmacists only)

(1) Time and Structure of Submission of Requests

- (a) Among Pharmacists, there shall be two separate bidding rounds per year for PTO requests. For purposes of vacation scheduling, the year shall be defined as March 1st of one year through the end of February of the next.
- (b) First Round. Pharmacists shall submit their first-round PTO requests starting September 15th and the Hospital will post a schedule by November 21st. In order of bargaining unit seniority, each Pharmacist will have a forty-eight (48) hour window of time to submit her/his/their first-round PTO request(s). The Hospital will post a schedule of these forty-eight (48) hour windows of time by September 1st. Each Pharmacist's request may constitute up to four (4) separate blocks of time covering up to twenty-eight (28) calendar days. Furthermore, no Pharmacist shall be allowed to request all of the three (3) following holidays off: Thanksgiving, Christmas Day, and New Year's Day.
- (c) Second Round. Pharmacists shall then submit their second-round PTO requests starting December 1st and the Hospital will post a final schedule by January 31st. In order of reverse bargaining unit seniority, each Pharmacist will have a forty-eight (48) hour window of time to submit her/his/their second-round PTO request(s). The Hospital will post a schedule of these forty-eight (48) hour windows of time by November 1st. Each Pharmacist's request may constitute up to four (4) separate blocks of time covering up to twenty-eight (28) calendar days. Furthermore, no Pharmacist shall be allowed to request all of the three (3) following holidays off: Thanksgiving, Christmas Day, and New Year's Day.

(2) Selection Based on Seniority

- (a) For the purposes of advance annual requests for PTO, it is understood that at least two (2) employees may request and be granted PTO for the same period of time covering weekdays and at least three (3) employees may request and be granted PTO for the same period of time covering weekends, and this understanding may only be changed by mutual agreement between the Employer and the Union. These numbers are not to be understood as limits on the number of pharmacists allowed PTO overall, but only as minimum for granting of PTO for advance annual requests.
- (b) After November 15th, the Hospital will award First Round requests based on seniority and will post a schedule by November 21st. After January 15th, the Hospital will award Second Round requests by reverse seniority and will post a final schedule by January 31st, one month before the year begins.

- (3) In either round, a Pharmacist may submit her/his/their PTO request(s) prior to her/his/their designated forty-eight (48) hour window of time. However, in either round, if a Pharmacist fails to submit her/his/their PTO request(s) by the end of her/his/their designated forty-eight (48) hour window of time, said Pharmacist may submit PTO request(s), subject to the restrictions detailed in 15.6(b)(ii)(1), at any point thereafter, but the awarding of her/his/their PTO period(s) will not occur until after all timely PTO requests have been awarded according to 15.6(b)(ii)(2)(b) above.

iii. Other PTO Requests

Requests for PTO that are not submitted under (b)(i) and (b)(ii) above shall be submitted in writing at least one (1) week in advance of the posting of the schedule covering such day or days. The Employer will respond to such requests within two (2) weeks of submission. If all such requests within the work area cannot be granted, then seniority within that area and classification shall govern, subject to the following:

- (1) Seniority will not govern if a less senior employee's PTO request has already been approved.
- (2) The Hospital will use its best efforts to grant each employee qualifying for paid holidays at least one (1) of the following three (3) holidays off: Thanksgiving Day, Christmas Day, or the following New Year's Day. If an employee is required to work on the above three (3) such holidays, the employee will receive double time (2x) for all hours worked on such New Year's Day (rather than time and one half (1½)).

iv. When Advance Notice is not Possible

(1) Unplanned Absence

Advance written requests for the use of PTO is not required if the employee's own disability, or an emergency (death or illness in the immediate family as defined in Section 14 [Bereavement Leave] necessitates an unplanned absence that was not requested and approved in advance of that day.

In addition, advanced written requests for the use of PTO are not required if the employee wishes to use PTO when the employee is ill or injured or for the purposes of the employee's receiving medical care, treatment, or diagnosis or to aid or care for a:

- (a) child,
- (b) parent,
- (c) ward,
- (d) legal guardian,

- (e) sibling,
- (f) grandparent,
- (g) grandchild,
- (h) spouse,
- (i) registered domestic partner, or
- (j) individual designated by the employee, if the employee has no spouse or registered domestic partner. (Such designation must occur during the first (1st) thirty (30) days of the employee's employment and may be changes in January of each year.)

(2) In all such cases, the reason for the absence shall be given; the employee shall provide a minimum of three (3) hours' notice; and the employee shall follow the Hospital's requirements as to when and how notice is to be given.

15.7 PTO USE ENCOURAGED

The Hospital encourages employees to take PTO regularly to prevent unnecessary accumulation.

15.8 CASH OUT OF PTO

a. For employees in their first year of employment

No more than two hundred thirty two (232) hours of PTO can be accumulated from prior anniversary years, and any excess amounts will be paid to the employee in the first (1st) pay period in October, unless and to the extent an employee has requested a vacation in which he/she/they will use all PTO in excess of the two hundred thirty two (232) hours by the end of the calendar year (December 31) and such time off had been granted in accordance with 15.6 (b)(i)(1) [Time of Submission of Requests] or 15.6(b)(ii)(1) [Time and Structure of Submission of Requests]. Employees also may elect, no fewer than thirty (30) days before the commencement of their anniversary year, to be paid for PTO accumulation in excess of eighty (80) hours.

b. For employees with 2-4 years of service

No more than two hundred seventy two (272) hours of PTO can be accumulated from prior anniversary years, and any excess amounts will be paid to the employee in the first (1st) pay period in October, unless and to the extent an employee has requested a vacation in which he/she/they will use all PTO in excess of the two hundred seventy two (272) hours by the end of the calendar year (December 31) and such time off had been granted in accordance with 15.6(b)(i)(1) [Time of Submission of Requests] or 15.6(b)(ii)(1) [Time and Structure of Submission of Requests]. Employees also may elect, no fewer than thirty (30) days before the commencement of their anniversary year, to be paid for PTO accumulation in excess of eighty (80) hours.

c. For employees with 5-9 years of service

No more than three hundred twelve (312) hours of PTO can be accumulated from prior anniversary years, and any excess amounts will be paid to the employee in the first (1st) pay period in October, unless and to the extent an employee has requested a vacation in which he/she/they will use all PTO in excess of the three hundred twelve (312) hours by the end of the calendar year (December 31) and such time off had been granted in accordance with 15.6(b)(i)(1) [Time of Submission of Requests] or 15.6(b)(ii)(1) [Time and Structure of Submission of Requests]. Employees also may elect, no fewer than thirty (30) days before the commencement of their anniversary year, to be paid for PTO accumulation in excess of eighty (80) hours.

d. For employees with 10+ years of service

No more than three hundred thirty six (336) hours of PTO can be accumulated from prior anniversary years, and any excess amounts will be paid to the employee in the first (1st) pay period in October, unless and to the extent an employee has requested a vacation in which he/she/they will use all PTO in excess of the three hundred thirty six (336) hours by the end of the calendar year (December 31) and such time off had been granted in accordance with 15.6(b)(i)(1) [Time of Submission of Requests] or 15.6(b)(ii)(1) [Time and Structure of Submission of Requests]. Employees also may elect, no fewer than thirty (30) days before the commencement of their anniversary year, to be paid for PTO accumulation in excess of eighty (80) hours.

15.9 EMERGENCY PAYMENT OF PTO

Special requests of payment of PTO in lieu of actual time off must be approved by both the Department Manager and the Director of Human Resources or designee. Approval will be granted only if the request is accompanied by a statement by the employee that the payment is necessary in order to preclude the loss of a principal residence through foreclosure or eviction or to provide immediate medical care for the employee or a member of his/her/their immediate family. Payment in lieu of PTO may not exceed a maximum of one hundred sixty (160) hours per calendar year and, in any event, will not be provided for PTO in advance of the time that it is earned.

15.10 REQUESTS FOR PTO AND UNPAID TIME OFF

- a. Requests for PTO, regardless of seniority, will be granted before any conflicting requests for unpaid time off are considered. Furthermore, requests for unpaid time off by individual employees will not be granted if the employee still has PTO hours or ESL, which ever applies. Exceptions are:
 - i. An employee can elect not to use PTO for a holiday scheduled off.
 - ii. An employee can elect not to use PTO for his/her/their own medical disability days preceding eligibility for ESL.
 - iii. An employee can elect not to use PTO for a physical disability leave or illness upon the exhaustion of ESL, and, to request instead an unpaid leave.

- iv. An employee can elect not to use PTO for a day or days the employee has been asked to take as a temporary displacement.
 - v. An employee can elect not to use PTO to attend Union contract negotiation sessions.
- b. If an employee has a pre-scheduled, pre-approved vacation, but does not have sufficient PTO at the actual time of the vacation, due primarily to using PTO for voluntary or involuntary displacement days, the employee may still take the scheduled vacation, even if some or all of it is unpaid after the employee uses all available PTO.

15.11 SEASON OF THE YEAR

PTO requests shall not be unreasonably denied because of the season of the year.

15.12 USE OF ESL OR PAID SICK LEAVE

a. Waiting Period

ESL is to be used for absences from work that exceed twenty-four (24) scheduled work hours or three (3) consecutive work days, whichever comes first, and that are necessary because of the employee's own physical disability. If the employee is hospitalized overnight or if the employee becomes ill/injured within seven (7) calendar days of having used ESL, the above waiting period for access to ESL is waived for that absence.

b. Medical Verification

Reasonable medical or other verification may be requested by the Hospital regarding unplanned absences or the use of ESL. The Hospital may require reasonable proof of physical disability sufficient to justify the employee's absence from work for the period claimed. A doctor's certificate may be required for any absence due to illness during the first (1st) year of employment. Thereafter, a doctor's certificate may be required only if the employee has been absent for more than three (3) consecutive days of work or if the Hospital has reason to believe the absence is an abuse of this provision.

c. Use of Paid Sick Leave Applicable to Per-Diem/Short-Hour Employees

A Per-Diem or Short Hour employee may use accrued Paid Sick Leave when the employee is ill or injured or for the purposes of the employee's receiving medical care, treatment or diagnosis, or to aid or care for a child, parent, ward, legal guardian, sibling, grandparent, grandchild, spouse, registered domestic partner or individual designated by the employee (if the employee has no spouse or registered domestic partner). Such employees must give reasonable notification of an absence from work for which paid sick leave is or will be used.

15.13 INCREMENTAL USE OF PTO/ESL

PTO/ESL is to be used in increments of eight (8) hours unless one of the following exists:

- a. Advance approval is obtained for fewer than eight (8) hours.
- b. The employee's regular shift is more or fewer than eight (8) hours, in which case PTO/ESL hours equal to the shift shall be used.
- c. The employee is eligible for State Disability or Workers' Compensation payments, in which case ESL shall be integrated to supplement such payments.
- d. An emergency requires an employee's absence for less than a full shift, in which case the Hospital may excuse the employee from the full shift with equivalent PTO/ESL hours being used or it may require that the employee report back to work.
- e. Medical or Dental Appointment. PTO shall be granted to an employee when circumstances make it impossible to schedule a medical or dental appointment during non-working hours. When it is necessary to schedule an appointment during working hours, an employee, insofar as possible, shall endeavor to schedule such appointment at the beginning or at the end of the employee's shift. Sufficient advance notice shall be given by the employee.

15.14 RATE AT WHICH PTO/ESL IS PAID

PTO/ESL hours shall be paid at the straight time rate in effect as of the date PTO/ESL is used (or cashed out, in the case of PTO and, in some cases, a portion of their ESL) plus any shift differential/premium to which the employee may be entitled.

15.15 TERMINATION OR CHANGE IN STATUS

a. Termination

Upon termination of employment or change to a non-benefited status, employees shall be paid for all PTO hours accumulated but not taken and, in some cases, a portion of their ESL.

b. Change in Status

In the case of a change to non-benefited status, the pay in lieu of benefits differential will commence on the first (1st) day of the pay period following the date of the change. If an employee's status changes from non-benefit-eligible to benefit-eligible and the employee was previously benefit-eligible, the employee's previous years of service is recognized in determining the accrual rate: (i.e., the original date of PTO/ESL accrual is moved forward by the length of time in the non-benefit-eligible status) and any accumulated ESL which he/she/they had prior to the change to non-benefit eligible status will be restored for use by the employee.

c. ESL Payment upon Termination or Involuntary Displacement

Upon separation of employment or involuntary reduction to non-benefit-eligible status, accumulated ESL hours will be paid to employees with fifteen (15) or more years of service at the individual's hourly rate as follows:

Years of Service	Percentage of Accumulated ESL	Up to a Maximum of
35+	100%	350 hours
30+	90%	250 hours
25+	80%	200 hours
20+	70%	150 hours
15+	50%	100 hours

15.16 WORKERS' COMPENSATION AND STATE DISABILITY

In cases where an employee is eligible to receive disability benefit payments (State Disability Insurance or Workers' Compensation) the employee shall apply for such benefits. To the extent that the disability payments do not equal the employee's normal wages, the employee's ESL (or PTO if elected by the employee, if applicable) shall be used in an amount sufficient to equal but not exceed the employee's straight time rate of pay and any shift differential for scheduled hours. Where ESL/PTO is subject to integration with State Disability Insurance or Workers' Compensation, it shall be paid promptly even if information as to the precise amount of State Disability Insurance or Workers' Compensation payments is not immediately available.

15.17 NO REQUIREMENT FOR PTO USE FOR PHYSICAL DISABILITY LEAVES

Employees cannot be required to use PTO for physical disability absences or leaves. If PTO is to be used for a leave, however, the employee must use it immediately upon exhaustion of ESL and it must be used for all consecutive workdays thereafter. For purposes of this paragraph only, a "leave" is to be construed as a physical disability absence exceeding three (3) workdays unless the employee is hospitalized.

15.18 USE OF PTO/ESL FOR WORK DAYS ONLY

PTO/ESL can only be used on scheduled workdays.

15.19 ADVANCED PAYMENT OF APPROVED PTO

Upon one week's written notice from an employee, the PTO pay for which the employee is eligible for time off of two (2) weeks or longer shall be available to him/her/them immediately prior to the commencement of the employee's time off period. Further, if an employee's PTO time off covers more than one (1) pay period, no additional tax deductions shall be imposed if only one (1) check is made covering such period.

15.20 PAY FOR HOLIDAYS WORKED

a. Recognized Holidays

Recognized holidays for the purpose of the following paragraphs are as follows:

New Year's Day	Independence Day
Martin Luther King, Jr. Day	Labor Day
Presidents' Day	Thanksgiving Day
Memorial Day	Christmas Day
Employee's Birthday	Juneteenth

A day, p.m., or night shift employee works a holiday shift when the major portion of the shift falls on one (1) of the above days.

b. Premium Pay

- i. If any nonexempt employee, regardless of category, is required to work one (1) of the above holidays the employee shall receive payment at time and one half (1-1/2) the employee's straight time rate for all hours worked on such holiday except as provided in 15.6(b)(iii) [Other PTO Requests]. This provision shall not apply to the employee's birthday, unless the employee requested his/her/their birthday off, in writing, at least one (1) week prior to the posting of the work schedule.
- ii. If any exempt employee, regardless of category, is required to work on one (1) of the above holidays, the employee shall receive a flat-rate bonus of two hundred and fifty dollars (\$250.00) for work on said day.

c. Holiday Work Among Pharmacists

The Employer will seek volunteers first among full-time and part-time Pharmacists and then among short hour and per diem Pharmacists for holiday work. If there are more volunteers than needed, holiday assignments will be based on seniority, first among full-time and part-time Pharmacists, then among short hour and per diem Pharmacists. In instances where an insufficient number of Pharmacists volunteer for holiday work, the Employer will assign the work by reverse seniority among part-time and full-time Pharmacists (excluding weekend-only part-time Pharmacists).

d. Holiday Work Among Behavioral Health Crisis Clinicians

The Employer will seek volunteers first among full-time and part-time Behavioral Health Crisis clinicians and then among short hour and per diem Behavioral Health Crisis clinicians for holiday work. If there are more volunteers than needed, holiday assignments will be based on seniority, first among full-time and part-time Behavioral Health Crisis clinicians, then among short hour and per diem Behavioral Health Crisis clinicians. In instances where an insufficient number of Behavioral Health Crisis clinicians volunteer for holiday work, the Employer will assign the work by reverse seniority among part-time and full-time Behavioral Health Crisis clinicians.

An exception to the above: an employee cannot be bumped from a regularly scheduled work day should a holiday happen to fall on said day, regardless of seniority.

In this Subsection, “Behavioral Health Crisis Clinicians” specifically refers only to employees in the BERT Program with the job titles of Psychologist, Licensed Clinical Social Worker, Marriage and Family Therapist, Licensed Professional Clinical Counselor, Psychological Associate, Associate Marriage and Family Therapist, Associate Clinical Social Worker, or Associate Professional Clinical Counselor.

15.21 LEAVE SHARING PLAN

a. Program's Purpose

To provide employees an opportunity to donate voluntarily a portion of their accumulated Paid Time Off (PTO) hours to other employees who may suffer financial hardship due to a medical emergency or other covered emergency as described below.

b. Definitions

- i. Employee Donor. The employee who donates a portion of his/her/their accumulated PTO hours to an employee recipient through the Leave Sharing Plan.
- ii. Employee Recipient. The employee in need of PTO hours to cover a medical emergency or other covered emergency and who is authorized to receive donated PTO hours from other employees through the Leave Sharing Plan.
- iii. Medical Emergency. A medical condition of an employee, family member, or loved one that will require prolonged absence from work in which all accrued paid leave benefits available to the employee will be exhausted and will result in a substantial loss of income (ten [10] scheduled work days or more) to the employee.
- iv. Other Covered Emergency. Catastrophes caused by natural disasters such as earthquakes, fire, and floods that will cause a prolonged absence from work in which all accrued paid leave benefits available to the employee will be exhausted and will result in a substantial loss of income (ten [10] scheduled work days or more) to the employee.
- v. Paid Time Off (PTO). The hours an employee has accrued and accumulated for purposes of vacation, holiday, short-term illness, and other personal needs. It does not include ESL hours, which are not transferable between employees.

c. Eligibility

All regular employees who participate in the PTO program are eligible to participate in the Leave Sharing Plan as employee donors and/or recipients. Participation in the Leave Sharing Plan is strictly voluntary.

d. Benefit Description

The Human Resources Department administers the Leave Sharing Plan by communicating the needs of potential employee recipients to the Manager of the department in which the employee works and facilitates with the Payroll Department the transfer of employees' PTO donations to the recipients. Those who choose not to participate in the Plan will be respected in administering the Plan. Potential recipients may seek help without divulging their identities to other employees. The identities of donors (and non-donors) will not be released to others.

An employee donor may donate accumulated PTO hours provided the donation is a minimum of four (4) hours.

An employee donor's PTO is donated in hours that are converted to a dollar value using the donor's current hourly wage rate. The dollar value is then converted back to hours based on the employee recipient's hourly wage. For example:

Donor		Recipient	
Hours donated (multiplied by)	8 hours	Dollar value (divided by)	\$100.00
Hourly wage (equals)	\$12.50	Hourly wage (equals)	\$10.00
Dollar value	\$100.00	Hours received	10 hours

If an employee recipient returns to work prior to using all the donated hours, the unused donated time will not be returned to the employee donor(s) but will be retained in the employee recipient's PTO bank.

In the event of the termination of employment or death of the employee recipient, the unused portion of the donated time will not be returned to the employee donor(s). The unused time will be paid to the employee recipient upon termination of employment or his/her/their estate in the event of death.

Payroll taxes on the value of donated hours are the responsibility of the employee recipient. Since the employee donor realizes no income, there are also no deductible expenses for IRS reporting purposes.

e. Becoming a Recipient

An employee who wishes to receive donated PTO hours completes a Leave Sharing Plan Recipient Form that is available in the Human Resources Department. The employee submits the completed form to his/her/their department manager.

The department manager reviews the form for eligibility and forwards it to Human Resources who will verify the emergency and anticipated length of absence.

If the request meets all the criteria for processing, a Human Resources representative will contact the employee requesting PTO donations and a release of information plan will be developed. The plan determines what information will be released to employees in subsequent announcements and to whom these announcements will be directed (i.e., one or more departments, a specific building or location, or hospital-wide).

Human Resources will assist with the communication needed on behalf of the potential employee recipient.

f. Becoming a Donor

An employee who voluntarily wishes to donate accumulated PTO hours completes a Leave Sharing Plan Donor form that is available in the Human Resources Department. The form is forwarded to Human Resources for processing with the Payroll Department. The Payroll Department will affect the transfer of the balances between employees.

SECTION 16 – LEAVES OF ABSENCE

16.1 NOTIFICATION OF LEAVE IN WRITING

An employee needing a leave of absence must notify the department manager in writing as soon as the employee learns of his/her/their non-availability for work. Such notice which will be on a form furnished by the Hospital must specify the reason for the leave, the date such leave will begin, and the expected date of return to work. Employees requesting a medical leave of absence are required to provide proof of disability in the form of a physician's statement.

16.2 LEAVE PERIODS

a. Six (6) Months Medical Leave/Twelve (12) Months Industrial Injury Leave

Any regular employee who has been continuously in service with the Hospital for at least one (1) year shall be entitled to leave of absence, including maternity leave, on proper proof that the employee needs such leave because of physical disability.

Such leave shall not be more than six (6) months, except in the case of industrial injury, which shall not be more than twelve (12) months. Disability leave may be extended only by agreement between the employee and the Hospital.

Three (3) days prior to the conclusion of an approved leave, employees must provide their managers with confirmation of their availability to return to work. An employee who fails to report for work at the end of an approved leave is deemed to have voluntarily resigned. An employee returning from a medical leave of absence is required to provide a physician's statement that indicates that he or she is fit to return to work.

b. Use of ESL/PTO to Extend Leaves

An employee on a non-industrial medical leave may have his/her/their leave extended beyond six (6) months up to a maximum of one (1) year in accordance with the following, provided the employee continues to qualify for such leave under Subsection 16.2(a):

- i. if the employee has ESL remaining at the end of the six (6) months, the leave will be extended to a maximum of one (1) year or the exhaustion of the employee's ESL, whichever comes first; and
- ii. if the employee elected to use PTO upon exhaustion of ESL, the leave will be extended to a maximum of one (1) year or the exhaustion of the employee's PTO/ESL, whichever comes first.

16.3 PARENTAL LEAVE

The Hospital will comply with the Federal and State regulations governing parental leave including, but not limited to, the Family and Medical Leave Act, the California Family Rights Act and the Americans with Disabilities Act.

At the present time, the law allows for such employees to take up to twelve (12) weeks for a legal adoption or fostering of a child.

b. Birth

Employees, regardless of gender, who have been continuously employed by the Hospital for at least twelve (12) consecutive months shall be eligible for parental leave for the amount of time specified in the law for the birth of a child. At the present time, the law allows for such employees to take up to twelve (12) weeks for the birth of a child. This paragraph is not meant to limit the duration of maternity leave allowed by law or by this Agreement in any way.

16.4 LEAVES FOR EMERGENCY/OTHER REASONS

Leaves of absence for other reasons shall be granted only by agreement between the employee and the Hospital. At management's discretion regular employees may be granted a one-month emergency leave of absence.

16.5 RIGHTS/BENEFITS WHILE ON LEAVE

An employee shall not forfeit accrued rights under this Agreement by reason of a leave of absence, but during any unpaid portions of such leave the employee shall not accrue PTO or ESL nor be entitled to jury duty pay or bereavement leave.

16.6 RETURN TO DUTY

When an employee returns to duty in compliance with an authorized leave of absence, such employee shall be reinstated in the same classification, position, shift, unit, and scheduled hours in which such employee was employed before his, her or their absence; but if conditions in the Hospital have so changed that it would not be feasible to reinstate him/her in such manner, then the Hospital will reinstate the employee to as nearly comparable a position and shift as is reasonable under the circumstances.

16.7 EMPLOYEES REPLACING THOSE ON LEAVE

All persons hired to replace employees who are on a leave of absence shall be so advised and shall be informed of the approximate date that the regular employee is expected to return from leave.

16.8 ADJUSTMENT OF ANNIVERSARY DATE

If the employee's leave of absence is more than twelve (12) months in the case of industrial injury or more than six (6) months in the case of disability or more than thirty (30) days in all other cases, the anniversary date may be adjusted for the full period of the leave, except for the first thirty (30) days of such leave. Leaves of absence for lesser periods than the above shall not result in adjustment of anniversary date, and in no case shall the first thirty (30) days be counted in any adjustment.

16.9 UNION BUSINESS

- a. An unpaid leave of absence will be granted to an employee for up to six (6) months for the specific purpose of working for the Union provided the employee has been employed by CHRCO a minimum of one (1) year.

16.10 TEMPORARY EMPLOYEES

During an employee's leave of absence, the Hospital may hire a temporary employee to fill the employee's position, provided the Hospital first attempts to use per diem employees in the position. The temporary employee shall receive the appropriate contract wage rate and pay in lieu of benefits differential under Section 12.2.

SECTION 17 – HEALTH PROGRAM

the Hospital. Included in this program will be the self-insured PPO program and an HMO alternative.

The Hospital will make its best effort to continue to offer the Kaiser Plan. If the Hospital believes it necessary to offer a different HMO, it will provide a comparable replacement plan, and give the Union thirty (30) days' notice of the change. "Comparable" as used herein shall mean the level of benefits and co-pays in the replacement plan, when taken as a whole, must be reasonably equivalent to the plan it replaces. During that period, the Hospital will meet with the Union, upon request, for the purpose of answering questions about and discussing the new plan.

During the term of this Agreement, the benefits of these programs will be provided in accordance with the summary plan descriptions developed by the providers. It is further understood that the Hospital will make its best efforts to establish and maintain a comprehensive network of providers through its PPO Plan.

f. If the ratification of this Agreement occurs prior to July 1, 2018, then this paragraph is null and void. The only difference between the “Plan” and the “New Plan” is that the “Plan” is based on a

For employees who retire from employment (FTR or PTR) with twenty (20) or more years of benefitted employment (FTR or PTR) who are age sixty (60) but under age sixty-five (65), the Hospital will contribute an amount equal to \$100 x years of benefitted service/12 towards the cost of the above coverage, commencing the first of the month following the employee's attainment of age sixty (60) and ending when the employee reaches age sixty-five (65) or becomes Medicare eligible, whichever comes first. To be eligible for this benefit, the employee must enroll in the applicable HMO period no later than the open enrollment period preceding the employee's retirement.

For employees who retire from employment (FTR or PTR) with twenty (20) or more years of benefitted employment (FTR or PTR) at or over age sixty-five (65), the Hospital will contribute an amount equal to \$50 x years of benefitted service / 12 towards the cost of the above coverage for a documented Medicare supplement plan for ten (10) years.

It is the understanding of the parties that this language represents the current benefits with no changes.

SECTION 22 – NO DISCRIMINATION

The Hospital and the Union agree that neither the Union nor the Hospital shall discriminate in respect to employment and continuing employment, by reason of Union activity, race, color, religion, religious creed (including religious dress and grooming practices), national origin, ancestry, citizenship, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender, gender identity, gender expression, age (40 years and over), sexual orientation, veteran and/or military status, protected medical leaves (requesting or approved for leave under the Family and Medical Leave Act or the California Family Rights Act), domestic violence victim status, political affiliation, equal pay and any other status protected by state, federal or local law (collectively “protected category”).

In addition, BCH Oakland prohibits retaliation against a person who engages in activities protected under this policy. Reporting, or assisting in reporting, suspected violations of this policy and cooperating in investigations or proceedings arising out of a violation of this policy are protected activities under this policy.

The Employer agrees to maintain clear policies prohibiting discrimination on the above grounds and agrees that such policies shall be effectively publicized and enforced throughout the Hospital. Such policies shall be readily accessible to employees when requested.

SECTION 23 – UNIFORMS

If the Hospital ever desires to require that employees in this bargaining unit wear uniforms or special type work clothes, then the Employer agrees to bargain with the Union over the implementation and all impacts of the implementation of such.

SECTION 24 – IN-SERVICE TRAINING / ORIENTATION PRIOR TO ASSIGNMENT OF DUTIES

24.1 AVAILABILITY OF IN-SERVICES

When the Hospital provides an in-service education program for employees in a particular classification or classifications under the Agreement, the Hospital will use its

best effort to see that the in-service education sessions are available to all employees in such classification or classifications on all shifts. In the event that such best efforts are unsuccessful, the Hospital will meet with the Union for the purpose of working out a mutually acceptable solution. Furthermore, mandatory in-services and staff meetings shall be paid as time worked. Should an in-service or staff meeting need to take place during an employee's meal period or rest break, the manager and the employee will arrange another time for the employee to take his/her/their meal period or rest break during the employee's regularly scheduled work day.

24.2 IN-SERVICES ON ISOLATION TECHNIQUES

The Hospital will provide or continue to provide in-service education on the subject of isolation techniques to employees who come in contact with diagnosed isolation cases. An employee who has not been provided with such training may request intervention by the person in charge of the department, in the event the employee's immediate supervisor assigns the employee to a diagnosed isolation case or cases.

Following orientation, an employee can notify his/her/their supervisor in writing to request additional training.

24.6 MANDATED COURSES

Attendance at all mandated courses that are required by the Hospital, including Hospital mandated preparation time, training programs, and inservice classes, including but not limited to NALS, PALS and BLS, shall be paid as time worked. Mandatory class time shall count as time worked for all purposes including overtime but preparation time shall not be considered time worked for purposes of computing overtime.

SECTION 25 – EDUCATIONAL LEAVE

25.1 BENEFIT

a. Courses, including Home Study

Regular full-time employees shall be entitled to forty (40) hours leave with pay and regular part-time employees shall be entitled to prorated leave with pay each year to attend/participate in courses, institutes, workshops, or classes of an educational nature, including home study and online courses, provided:

- i. the employee applies in advance in writing specifying the course, institute, workshop, or class he or she wishes to attend/participate;
- ii. the employee obtains permission from his, her, or their supervisor to attend/participate;
- iii. such leave shall not interfere with staffing; and
- iv. such leave is job-related or relates to a job or jobs to which the employee can expect to transfer or be promoted in the usual course of eligibility.

25.2 REQUESTS FOR PAID EDUCATION LEAVE, INCLUDING CONTINUING EDUCATION

Permission for such educational leave will not be unreasonably denied. Educational leave to which an employee is entitled may be used to fulfill continuing education programs required by law to maintain licensure and, in the event such requirements are greater than the paid education leave to which an employee is entitled, necessary additional leave without pay shall be granted. If an employee submits a written request for educational leave at least one (1) month in advance, the Hospital will notify the employee in writing at least two (2) weeks in advance as to whether the requested leave will be permitted or denied.

25.3 GOVERNING PRINCIPLES

In applying the educational program, the following principles shall govern:

- a. If the educational program has a duration of four (4) or more hours within or without a shift in whole or in part, the employee will be excused from his/her/their shift and receive eight (8) hours educational leave pay for such day, or up to a maximum of the employee's regular schedule.

- b. If the educational program has a duration of fewer than four (4) hours and falls within the employee's shift in whole or in part, the employee will be paid for hours spent at the educational program and will work the balance of his/her/their shift or, at the option of the Hospital, the employee can be excused from his/her/their entire shift and be paid eight (8) hours educational leave pay or up to a maximum of the employee's regular schedule. The Hospital shall notify the employee of the option it elects at the time it approves the leave request. In no case shall the combination of paid work time and paid educational leave exceed eight (8) hours per day or the employee's regular schedule.
- c. If the educational program has a duration of fewer than four (4) hours and falls entirely outside the employee's shift, the employee shall not receive educational leave pay; provided that employees qualifying for paid education leave shall receive pay for such leave for education programs occurring on their day off. In view of the fact that employees assigned to the night shift of operations seldom, if ever, have educational programs available during their normal hours of work, an exception to this Subsection will be as follows: a night shift employee (other than an employee who is entitled to paid education leave for programs outside his/her/their shift), who attends educational programs which would otherwise qualify under the educational leave and pay provisions but fall entirely outside of the employee's night shift, may accumulate such educational leave time until the employee has accumulated the equivalent of a full shift.
- d. If the educational program is only available outside the employee's regular shift, the employee may request a day off no less than 30 days before the start of the education program during their regular schedule within the same pay period equivalent to the time spent in the educational program

At that time, equivalent paid time off at the mutual convenience of the Hospital and the employee will be arranged.

If the approved educational program is six (6) hours or more in duration, the Hospital will excuse the employee from the night shift either immediately preceding or immediately following the program.

The night shift from which the employee shall be excused shall be determined by mutual agreement, and the deduction from accrued educational leave shall be equal to the employee's normal scheduled shift.

25.4 GRANTED ON A CALENDAR YEAR BASIS

Educational leave is to be granted on a calendar year basis. To be eligible for education leave, the regular employee must be employed prior to October 1 of the year in question. If he, she, or they is/are employed on or after October 1, he, she or they qualifie(s) for educational leave in the following calendar year.

25.5 WAIVER/ACCUMULATION OF BENEFIT

A regular employee who does not apply for educational leave waives it for that year. If such employee requests educational leave and does not receive it in a particular year for which he, she or they is/are qualified, the employee may accumulate it for the following year. If the Hospital wishes the employee to engage in an outside educational program, the Hospital and the employee may mutually agree that this is charged against the employee's education leave. If the employee declines to engage in such educational program, the Hospital has the option to withdraw the request or to require the employee to engage in such program in which event it is not charged against his, her or their educational leave, the Hospital may require a verbal report from the employee on educational leave, describing the activities involved.

25.6 EDUCATIONAL OPPORTUNITIES

A regular full-time employee who is accepted for enrollment in an accredited academic program to obtain certification, licensure or other credentials to meet the academic prerequisites for obtaining another position at Children's Hospital Oakland may request to reduce his/her/their hours to a 4/5 or 3/5 status for a period of not longer than nine (9) months in any twelve (12) month period in order to attend classes in such a program.

To be eligible for consideration, an employee must have a minimum of five (5) consecutive years of service with the Hospital, have an acceptable performance record during the preceding six (6) months of his/her/their employment, and provide written evidence, acceptable to the Hospital, of acceptance in an accredited academic program.

Requests for such voluntary reductions must be submitted at least thirty (30) calendar days in advance of the commencement of the academic program. At any given time no more than five (5) regular full-time employees may be permitted to voluntarily reduce hours. Where there are more than five (5) requests for voluntary reduction of hours seniority shall be the determining factor in approving the reduction of hours.

Initial approval for voluntary reduction in hours shall be subject to staffing and scheduling needs in the employee's department at the time of the request. Continued approval of the voluntary reduction in hours shall be subject to the employee's proof of satisfactory performance in the accredited academic program acceptable to the Hospital (passing grades).

SECTION 26 – MOONLIGHTING

The Union will use its best efforts to cooperate with the Hospital to prevent moonlighting that interferes with the employee's attendance and/or performance of his/her/their duties with the Hospital. The foregoing does not imply a ban on moonlighting itself but rather a commitment to prevent moonlighting that leads to attendance and/or performance problems.

SECTION 27 – BULLETIN BOARDS

- 27.1 Upon submission by the Union to a designated representative of the Hospital of a Union notice officially approved by the Union containing no editorial comment, the Hospital will promptly post such notice on the bulletin board in each major department: Social Services, Pharmacy, and Pediatric Rehabilitation. Such notice will remain posted for a reasonable amount of time.
- 27.2 These bulletin boards shall each be designated as a NUHW board and shall be equipped with protective covering.

The Employer and the Union agree that the bulletin board on the ground floor (main hallway adjacent to the Environmental Services/Linen Department) and a bulletin board on the second floor, both equipped with protective coverings, represent compliance with this Section.

SECTION 28 – CONSCIENTIOUS OBJECTION

- 28.1 The rights of patients to receive medical care and the obligation of the Hospital to render such care must be recognized and respected. In the case of therapeutic abortions, employees accept the obligation of providing competent medical care as a major responsibility; however, it is recognized that an employee may hold sincere moral or religious beliefs that require the employee in good conscience to refuse direct participation in such medical procedures.

Cases where there are issues other than therapeutic abortions, such as cases involving the withdrawal of support, would be referred to the Hospital's Policy on "Request to be Excused From Aspects of Patient Care."

- 28.2 The Hospital agrees that an employee may refuse to directly participate in such medical procedures and will not be subject to coercion, censure, unreasonable transfer, unreasonable reassignment, or discipline by reason of such refusal. An employee who has an assignment where participation in therapeutic abortion occurs and who conscientiously objects to such participation shall notify his/her/their supervisor of this position in writing which may require reassignment or transfer.

- 28.3 In emergency situations where the immediate nature of the patient's needs will not allow for substitution, the patient's right to receive medical care shall take precedence over the exercise of the employee's individual beliefs and rights. In such cases, the Hospital shall arrange for reassignment/transfer at the earliest possible opportunity.

SECTION 29 – UNION REPRESENTATIVES' VISITATIONS

- 29.1 The Union Field Representative or qualified representative of the Union shall be allowed to visit the Hospital for the purpose of ascertaining whether or not this Agreement is being observed and to observe job conditions under which employees are employed. This privilege shall be exercised reasonably and shall be related to the representative's responsibility for seeing that the Hospital is in compliance with the Agreement.
- 29.2 The Union Field Representative or qualified representative of the Union shall report to a designated management official when entering the Hospital and such representative shall not interfere with the normal conduct of work in the Hospital. The Union representative may confer with employees, including Shop Stewards, upon their own free time and in public areas within the Hospital such as cafeterias or coffee shops or in designated non-work areas.
- 29.3 In the case of a tour to observe conditions, the Union Field Representative or off-duty shop steward shall notify the designated management official where they intend to go within the permitted areas of the Hospital. The Union representative shall not engage in discussion with employees who are on duty during the course of the tour and shall not be accompanied on the tour by anyone other than an authorized business representative. The Union representative may distribute material in the cafeteria and designated lounges provided a copy of the material is sent in electronic form to both the Vice President of Human Resources and the Director of Labor Relations no later than 4:00 PM on the day prior to the intended date of distribution, material is not offensive and does not constitute a personal attack on individuals and does not denigrate patient care at the facilities.
- 29.4 In the case of a grievance investigation, the Union Field Representative shall make an appointment in advance with the designated representative of management. Prompt and reasonable arrangements will be made so that a joint investigation of the grievance can be made.
- 29.5 The Union Field Representative assigned to the Hospital may request a job description or job descriptions of bargaining unit positions. Such description or descriptions shall be given to the Union Field Representative in all cases where they are available or, if in the process of revision, as soon as the revised description or descriptions become available.
- 29.6 Employees appointed or elected to the Union Negotiating Committee shall receive full credit towards accrual of seniority and benefits, including any payment thereof, for all time missed from their regular work schedules due to negotiations.

29.7 The Hospital and the Union shall reasonably apply the provisions of this Section.

SECTION 30 – SHOP STEWARDS

30.1 STEWARDS

Appointment and Notification: The appointments shall be made in such manner as the Union determines, and the Hospital will be notified in Writing of such appointments (and/or any changes thereto), at least ten (10) business days prior to their effective date. In the written notice(s), three (3) of such appointees shall be designated floating stewards.

30.2 HOSPITAL EMPLOYEES

It is understood that the Shop Stewards shall be current Hospital employees.

30.3 HOSPITAL REPRESENTATIVE

The Shop Steward shall only deal with the representative of the Hospital designated to handle grievances.

30.4 FUNCTION OF STEWARD

The following Section is illustrative rather than comprehensive. It is understood that Stewards' duties are determined internally by the Union, although the Hospital is only required to deal with Stewards on matters involving the interpretation or application of this Agreement, or past practices, or workplace policies or procedures. The function of the Shop Steward shall include assisting employees. The function of the Shop Steward shall be to assist employees in settling problems arising in connection with the application or interpretation of the provisions of this Agreement directly with the Department Head or such other person as the Hospital may designate and to participate, at the option of the employee, in Steps One and Two of the Grievance Procedure as set forth in Section 33 of this Agreement.

30.5 OUTSIDE WORKING HOURS

The Shop Steward shall perform his/her/their functions outside of his/her/their working hours on his/her/their own time unless the Hospital requests the steward's presence at a meeting during the steward's working hours.

30.6 NORMAL OPERATIONS OF THE HOSPITAL

The Shop Steward shall not direct any employee how to perform or not perform his/her/their work, shall not countermand the order of any supervisor, and shall not interfere with the normal operations of the Hospital or any other employee. His/her/their activities as a Shop Steward shall in no way interfere with his/her/their assigned duties as an employee.

30.7 SHOP STEWARD/GRIEVANCE MEETINGS

The Hospitals designated representative is only required to meet with one Shop Steward on any grievance. Only the designated Shop Steward, the Chief Steward, the Union Representative and/or the Grievant shall present the Union's position and/or ask questions at grievance meetings, although additional stewards may attend for training purposes.

30.8 WEINGARTEN

In connection with investigatory interviews required by the Hospital in which an employee reasonably believes that such investigation will result in disciplinary action, an employee upon his, her or their request shall be entitled to have a Union Field Representative, and/or Shop Steward present, provided that such disciplinary interviews are not delayed beyond twenty-four (24) hours by the inability to have both Union representatives present. It is understood that the role of the Union representative shall be strictly in accord with the NLRB v. WEINGARTEN. In those cases where there are two Union representatives present and/or two Hospital representatives, there shall be only one spokesperson for each party, and the other representatives shall serve only as observers.

30.9 TIME OFF WORK

Elected officers and Stewards of the Union may apply for time off of up, to five (5) days each calendar year to attend educational programs which are specifically, designed to enhance the knowledge and skills of the officer in the performance of his/her/their Union duties. Each officer and/or Steward is required to request time off at least thirty (30) days prior to the program's scheduled date. The Hospital shall not unreasonably deny the request of the Union officer and/or Steward to attend an educational program.

SECTION 31 – COMPLAINTS

- 31.1 It is hoped that most questions arising under this Agreement can be settled short of following the formal Grievance Procedure. The Hospital recommends that an employee who has a claim or complaint discuss the matter with his/her/their supervisor. If the employee prefers, however, the employee may first consult with a Union official. There will be no retaliation against any employee for presenting a claim or complaint or for consulting a Union official in the first instance.
- 31.2 If an employee has any complaints that the employee believes have not been properly considered by the supervisor, the employee may confer with the Administrator or his/her/their designated representative. At this conference, the employee may be accompanied by a Union official. The employee shall be entitled to an answer within a reasonable length of time.
- 31.3 Included among the subjects upon which conferences may be requested are problems relating to verbal warnings, workloads, and adequate staffing. It is agreed that such cases or subjects are not subject to the Grievance Procedure except as otherwise specifically provided in this Agreement. However, conferences may be requested in cases of

disciplinary suspension or discharge, and such cases shall be subject to the Grievance Procedure, including arbitration, as provided below.

- 31.4 An employee who receives a written warning shall be given a copy of the warning and shall sign a receipt that indicates the employee acknowledges having received the document. Acknowledging receipt of the warning shall not constitute an admission of the employee's agreement with the substance of the warning. An employee may grieve a written warning provided the grievance is presented in writing within thirty (30) days. Letters of warning shall be given consideration based upon the seriousness of the incident and the length of time since the occurrence of the incident.
- 31.5 Periodic performance evaluation reports are intra-hospital records and are not subject to the provisions of this Section or the Grievance Procedure. Such reports will not be used in support of disciplinary action. Upon request, an employee may have a copy of his or her performance evaluation.

SECTION 32 – DISCHARGE FOR CAUSE

- 32.1 The Hospital shall have the right to discharge or suspend any employee for just cause. Examples of just cause, but not an exhaustive list, are: proven dishonesty, insubordination, insobriety, incompetence, willful negligence, failure to perform work as required, or violation of the Hospital House Rules, which shall be published and communicated to the employees. The Hospital agrees to exercise fair and reasonable judgment in the application of this Section.
- 32.2 The Employer and the Union agree that the discipline related to Employer-established performance/production standards shall be subject to the "just cause" provisions referenced in this Section.
- 32.3 If, in the opinion of the Union, an employee has been unreasonably discharged or has been discharged or displaced to avoid tenure advancement or because of Union activity, such discharge or displacement shall be subject to the Grievance Procedure provided below.
- 32.4 The Hospital may draft such reasonable House Rules as may be deemed necessary for governing the conduct of employees. Such rules, when drafted, shall be forwarded by mail, return receipt requested, to the Union before being posted, communicated, or distributed to the employees.
- 32.5 Cleansing Period: Prior disciplinary actions shall not be used as the basis for progressive discipline where there has not been a reoccurrence of a similar offense in a one (1) year period. However, nothing in this Section shall be construed to prohibit management from considering an employee's entire disciplinary file when determining the appropriate level of discipline.

SECTION 33 – GRIEVANCE PROCEDURE AND ARBITRATION

33.1 Any problem arising in connection with the application or interpretation of the provisions of this Agreement, including the problems of discharge or suspension, which cannot be amicably adjusted between an employee of the Hospital and the Department Head, or such other person as the Hospital may designate, shall be reduced to writing, signed by the employee or Union representative, whichever is appropriate, and submitted to a Hospital representative designated by the Hospital. No grievance shall be considered unless it has been first presented in writing within thirty (30) days of the alleged occurrence giving rise to the grievance. In the event the grievance concerns the discharge or suspension of an employee, the grievance must be presented in writing within ten (10) working days following discharge or suspension.

33.2 STEP ONE - GRIEVANCE CONFERENCE

Within seven (7) days of receipt of the written grievance by the Hospital, the Union, the employee, and the Hospital Administrator or designated representative shall meet and attempt to resolve the matter informally. If the efforts to resolve the grievance in this matter are unsuccessful, either party may request that the matter be referred to an Adjustment Board. The request for an Adjustment Board must be made to the other party within fifteen (15) days of the receipt by the Hospital of the written grievance.

33.3 STEP TWO - ADJUSTMENT BOARD

Upon receipt of a timely, written request, there shall be an Adjustment Board established consisting of two (2) Union Field Representatives designated by the Union and two (2) representatives designated by the Hospital. The Adjustment Board shall meet within ten (10) days of receipt of the request for its establishment and shall consider fully all aspects of the issues presented. Any decision by a majority of the four members of the Board of Adjustment shall be final and binding upon all parties, subject to limitations on jurisdiction and authority contained in 33.4(c) below. If, during the period that the Adjustment Board can meet, no majority decision is reached, either party may request in writing that the matter be referred to Step Three, provided that if such request is made, it must be made within ten (10) days of a deadlock at the Adjustment Board, or within ten (10) days following the period during which the Adjustment Board can meet whichever occurs first, or proceeding to arbitration shall be waived.

33.4 STEP THREE – ARBITRATION

The following procedure shall apply if a grievance is timely submitted in writing to arbitration:

- a. If the parties cannot reach agreement, the parties shall obtain a list of impartial arbitrators from the Federal Mediation and Conciliation Services (FMCS). The parties will select an arbitrator by alternately striking names from the list until one arbitrator remains. The selection of the arbitrator must be completed no later than thirty (30) calendar days from receipt by the Facility of the appeal to arbitration.

- b. A hearing on the grievance shall be held at a time and place designated by the arbitrator, at which the Facility and the Union shall present their respective positions, evidence and arguments. The sole parties to the arbitration shall be the Facility and the Union. The arbitrator's decision shall be rendered in writing and shall be final and binding on the parties and on all affected bargaining unit employees. It shall be issued not more than thirty (30) calendar days after the close of the hearing or the filing of the briefs, whichever is later.
- c. The arbitrator's authority is derived from this Agreement and his/her jurisdiction is limited to the interpretation and application thereof. He/She/They shall not have authority to:
 - i. amend or modify any provision of this Agreement; or
 - ii. render an award on any grievance arising before the effective date or after the termination date.
- d. The fee and expenses of the arbitrator, the court reporter's appearance fee, and the cost of mutual facilities shall be borne equally by the Facility and the Union.

SECTION 34 – NO STRIKE – NO LOCKOUT

Neither the Union nor the employees shall threaten to, or participate in, any strike, walkout, slowdown, sickout, sympathy strike or other work stoppage (collectively referred to as “work stoppage”) and the Hospital shall not lock out employees during the life of this agreement. In the event of any strike, walkout, slowdown, sympathy strike, or work stoppage or threat thereof, the Union and its officers will do everything within their power to end or avert the same.

SECTION 35 – SAFETY

35.1 The Hospital will comply with applicable federal and California laws and regulations pertaining to occupational safety and health. Likewise, it is the duty of each employee to comply with all health and safety regulations of the Hospital. In the event any safety or health hazard is detected, it shall be promptly reported to the Hospital and Shop Steward. Reports under this Section and matters of safety and health shall be presented by such Shop Steward to the Joint Committee. The Hospital shall then have a reasonable period of time to remedy the situation. If, in the judgment of the employee or the Union, the Hospital shall thereafter fail to completely remedy the situation, the employee or the Union shall be free to contact the Industrial Safety Commission of the State of California for appropriate action. Disputes concerning conditions of health and safety within the Hospital shall not be subject to the complaint and grievance and arbitration procedures of this Agreement, but shall be subject to the applicable administrative procedures established by federal and California laws.

- 35.2 Walk-around or inspection by a Union representative or representatives with a management representative or representatives by direction of the Committee shall not result in loss of pay to the employees. The Hospital will make available the following material to the Union steward: copies of the Hospital's log of occupational injuries or illness, with the consent of the employees involved, material required by law to be posted, and information relating to known or determined health or safety hazards in the Hospital.
- 35.3 Should a current or future Pandemic or Public Health Crisis occur, either party may initiate joint safety meetings to discuss issues specific to the Pandemic or Public Health Crisis.

For the purpose of this section, a Pandemic or Public Health Crisis is defined as whenever there is a governmental imposition of travel or workplace limitations on non-essential workers.

The purpose of joint safety meetings shall be for the parties to discuss workplace safety concerns specific to the Pandemic or Public Health Crisis including related safety procedures and protocols, the identification of additional equipment and supplies needed to provide a safe work environment, and the health needs of unit members. Joint safety meetings shall convene once per month for one hour, or more frequently as needed per mutual agreement. Joint safety meetings will cease to occur once the Hospital Incident Command System (HICS) is deactivated.

The joint safety meetings will be attended by up to three (3) unit employees identified by the Union, and up to two (2) representatives from the Hospital. The Union and the Hospital may change their respective representatives at the meeting from time to time. Additionally, Hospital counsel and Union field representative may participate in these meetings, for a maximum total of 7 attendees. Non-exempt employees attending during scheduled work hours will receive paid released time. Manager approval is required in advance to release employees during regularly scheduled work hours due to operational needs.

32. To select, retain, or discontinue all food and vending machine supplies and the prices of their products or services;
33. To determine the scope and services within levels of care, additions, or deletions to unit-specific skills rosters (subject to the laws and regulations governing patient care and practices of nursing);
34. To determine shifts, the types of shifts, and the number of hours which constitute a shift (e.g. 8, 10, 12) for any unit or other division or subdivision of the Hospital;

The exercise of the foregoing powers, rights, duties, and responsibilities by the Employer and the adoption of policies, rules, regulations, and practices in furtherance thereof, shall be the exclusive prerogative of the Employer except as limited by the specific terms of this Agreement. The Employer's failure to exercise any right, prerogative, or function hereby reserved to it or the Employer's exercise of any such right, prerogative, or function in a particular way, shall not

constitute a waiver of the Employer's right to exercise such right, prerogative, or function, or preclude it from exercising the same in some other way not in conflict with the express provisions of this Agreement.

SECTION 39 – BILINGUAL DIFFERENTIAL

39.1 DIFFERENTIAL

If the Employer designates individuals to carry out their job duties in a language other than English, such individual shall receive a \$1.00 per hour bilingual differential for all hours worked.

39.2 ADMINISTRATION OF DIFFERENTIAL

The differential shall be administered subject to the following rules:

a. Designation of Bilingual Staff

The Employer shall retain the right to designate bilingual staff members and to establish which mode of testing or testing requirements would be used to establish language proficiency in the secondary language.

Within 14 days of an employee's request for the exam, the Hospital shall respond in writing to schedule the exam.

If an employee fails to pass the test three (3) times, the Hospital may deny the employee any future requests for re-testing. There is no required wait time between each attempt.

b. Bilingual Status in Writing

The Employer must state in writing that the employee seeking bilingual status has met the requirements to be able to carry out his/her/their job duties in a language other than English.

c. Documentation of Regular use of Second Language

The Employer must document in writing that the employee regularly uses a second language and English.

d. Eligibility Criteria Modified by the Employer

The Employer shall have the right to establish, modify, or add to the foregoing eligibility criteria.

e. Provision's Non-Applicability

The foregoing does not apply to non-medical, customer service translation, such as directions to the cafeteria or other Hospital locations.

39.3 This change would not affect staff members who have received previous training in medical interpreting by the Hospital and were considered "ad-hoc" interpreters, a program no longer offered by the Hospital. Their job duties as interpreters and added compensation would still be honored.

SECTION 40 – ESSENTIAL SERVICES

In the event of a strike by the NUHW Professional unit, the NUHW Professional unit agrees that a certain number of Pharmacists shall continue to work during said strike.

Pharmacists will be assigned to twelve (12) hour shifts and paid in accordance with Subsection 8.1 (and shall be paid overtime after eight (8) hours in each shift).

The following numbers of staff will be required:

Day Shift – 4 Pharmacists	1 – IV Room
	2 – Main Pharmacy
	1 – Chemo Certified Pharmacists
Night Shift – 2 Pharmacists	1 – IV Room
	1 – Main Pharmacy

Nothing stated herein shall supersede the “No Strike” language contained in Section 34 of this agreement.

APPENDIX D – SIDE LETTER (PROFESSIONAL HOURS AND GUARANTEED SALARY FOR EXEMPT EMPLOYEES)

Both parties recognize the professional nature of the work performed by the exempt employees covered by this Agreement. While each full-time employee, for example, will be scheduled to work forty (40) hours in a week, the employee's assigned daily and weekly work schedule may vary due to time requirements of specific assignments and seasonal variations in workload. Each exempt employee is entitled to build into her/his/their schedule an unpaid meal period.

While exempt employees may benefit from the flexibility of professional hours, they also bear a responsibility both to their workloads or caseloads and to their departments/clinics, and they are expected to work the number of hours regularly scheduled.

Where conditions require that exempt employees work beyond their scheduled hours to complete professional tasks related to their workloads or caseloads, they will not receive additional compensation. Similarly, it is understood that partial day absences will not result in reduced compensation or deductions from PTO/ESL banks, unless the employee requests a deduction from his/her/their PTO/ESL bank.

An employee will receive an amount equal to her/his/their full salary for any workweek in which they perform any work, regardless of the number of days or hours worked, subject to the deductions from salary and/or PTO/ESL banks that are permitted by state and federal law for salaried employees.

An employee will receive an amount equal to her/his/their daily salary if they work any portion of a scheduled work day, regardless of the number of hours worked, subject to the deductions from salary and/or PTO/ESL banks that are permitted by state and federal law for salaried employees.

APPENDIX E – SIDE LETTER (DEDUCTIONS AND ABSENCES FOR EXEMPT EMPLOYEES)

1. Deductions for Full-Day Absences Generally

As permitted by law, an employee's weekly salary may be reduced by an amount equal to the daily salary (e.g., 1/5th of the guaranteed weekly salary) for full day absences on a usual scheduled workday under the following circumstances:

- a. Absence from work for one or more full days for personal reasons, other than sickness or disability;
- b. Absence from work for one or more full days due to sickness or disability;
- c. Proportionate rate of full salary for time actually worked in the first and last weeks of employment; and,
- d. Unpaid leave taken pursuant to the Family and Medical Leave Act (FMLA)

2. Deductions for Partial Day Absences Generally

In the event an employee works some portion, but not all, of her/his/their scheduled hours in a work day, the employee will receive an amount equal to her/his/their guaranteed salary for that day. If, however, an employee has been approved for intermittent family/medical leave (FMLA), the Employer may make deductions for partial day absences if no paid leave time is available.

3. Work Not Available

No deductions from weekly salary will be made for absences occasioned by the Employer or by the operating requirements of its business unless permissible by law. If the exempt employee is ready, willing and able to work, deductions from salary and/or PTO/ESL banks will not be made for time when work is not available if any work was performed in that work week.

4. Absences for Exempt Employees with Banked PTO/ESL hours

- a. Full Week Absences. In the event that an employee is absent for a full week in which the employee was or would have been scheduled to work, the Employer will reduce the employee's PTO/ESL bank in an amount equal to the number of hours that the employee was scheduled or regularly would have been scheduled to work during the missed week.
- b. Full Day Absences. In the event that an employee is absent for a full day of work, the Employer will reduce her/his/their PTO/ESL bank by the number of hours that the employee was or regularly would have been scheduled to work.
- c. Partial Day Absences. In the event an employee works some portion, but not all, of her/his/their scheduled hours in a work day, the employee will receive an amount equal to her/his/their guaranteed salary for that day unless the employee requests a

deduction from his/her/their PTO/ESL bank. Further, if an employee has been approved for intermittent family/medical leave (FMLA), the Employer may substitute PTO in increments of less than a day for work hours missed for the approved FMLA leave.

5. Absences for Exempt Employees with No Banked PTO/ESL Hours

- a. Full Week Absences. If an employee does not perform any work during a workweek and the employee does not have any paid leave available, he/she/they will not be entitled to any salary for the workweek.
- b. Full Day Absences. In the event that an employee is absent for a full scheduled day of work and the employee does not have any paid leave available, the Employer will deduct an amount equal to percentage of time off in full-day increments taken by the employee to the extent permissible by law. For example, if a full-time employee who is scheduled to work five days in the workweek does not perform any work on a scheduled day for personal reasons, the Employer may deduct 1/5th of the employee's weekly salary.
- c. Partial Day Absences. An employee who does not have any paid leave available will receive an amount equal to the daily salary if the employee works any portion of a scheduled work day, regardless of the number of hours worked. The only exception to this rule is that Employer may deduct from the guaranteed daily salary of an employee with no PTO/ESL bank who takes approved FMLA. Such a deduction shall be a pro-rata share of the employee's regularly scheduled weekly hours (typically 40 hours for full-time employees).

- (2) \$200 flat rate for back up shift.
- (3) Backup clinician will be available for appropriate phone consultation for first up clinician. If the case being consulted requires additional consultation, department management shall be available for the first up clinician to consult.
- (4) Backup clinician will come in if first up clinician is unable to come in for shift due to illness or an emergency. All clinicians calling out will need to inform supervisor, and supervisor will approve backup coverage. Once backup clinician is asked to work on-site, they will be paid at the call back shift rate instead of the \$200 flat rate. If the backup clinician is asked to work on-site, the backup clinician will have the same thirty (30) minute response time expectation as all on call clinicians.
- (5) Backup clinicians will be asked to come in for situations that require additional staffing. (For example: when there are multiple patients with high acuity requiring support in one setting or multiple Departments.) The first up clinician can call the backup clinician to come on-site for support if there are three (3) or more acute consults requiring additional support (e.g. BERTs, Traumas, Patient Deaths, Non-Acute Positive ASQs, SAMs, CPS), and in this case, the supervisor must be notified. On the occasions when there are less than three (3) acute consults and there are high acuity patients, the supervisor may call the backup clinician to come on-site for support.

- (6) Clinicians will access the schedule to sign up for shifts on the first Tuesday of the month prior.
- (7) Clinicians will have access to the schedule of shifts, to sign up for backup shifts the second Tuesday of the month. Any shift that does not already have an assigned first up clinician is not available for backup shift scheduling. The schedule for clinicians is finalized by the third Tuesday of each month.
- (8) Clinicians will be eligible to sign up for back up shifts when:
 - a) Probation has been passed
 - b) Clinician has completed/worked an additional ten (10) shifts in addition to probation
 - c) There is no written disciplinary action that impacts clinical care
 - d) Clinician has signed up to work at least one open shift (to be first up) for the month

- Standby shifts shall be worked by per diem employees.
- The Hospital shall post and fill two (2) per diem Chaplain positions, with the expectation that hired applicants should be able to work weekends and standby late-night shifts.

THE SEVEN POINTS OF JUST CAUSE FOR DISCIPLINE

If the answer to these seven questions is **YES**, Management has a just cause for discipline:

1. **Fair Notice** – Did Management make the worker aware of the rule or policy which they are being accused of violating?
2. **Prior Enforcement** – Has Management recently enforced the rule or policy or penalized other workers for violating the same rule or policy?
3. **Due Process** – Did Management conduct an interview or hearing before issuing the discipline, take action promptly and list charges precisely?
4. **Substantial Proof** – Was Management's decision to accord discipline based on credible and substantial evidence?
5. **Equal Treatment** – Is the punishment Management is proposing consistent with the punishment other workers received for the same or substantially similar offense?
6. **Progressive Discipline** – During the disciplinary process, did Management issue at least one level of discipline that allowed the employee an opportunity to improve?
7. **Mitigating and Extenuating Circumstances** – Was the discipline proportional to the gravity of the offense, taking into account any mitigating, extenuating or aggravating circumstances?
