At the bargaining table this week, the NUHW bargaining team tentatively agreed on a number of items:

- New language for scheduling and use of PTO that allows Shortour employees to take unpaid time off.
- Improvements to bereavement language that let employees designate up to three people, outside of immediate family, for whom they could take bereavement leave. Employees would be able to take bereavement leave up to 21 days after the death.
- Additional bulletin board usage for internal job postings in EVS department.

The Hospital introduced an incomplete proposal on a float pool in the BOC bargaining unit.

The Hospital also responded to our proposal to reimburse employees who are made to use their cell phones for work purposes; they said that if employees don't want their cell phones to be used, they shouldn't give their cell number to their managers.

Bargaining will continue on May 16 – please join us!

All members are welcome and encouraged to attend bargaining sessions.
