BARGAINING UPDATE

FEBRUARY 27, 2020

FIGHTING FOR STRONG NEW CONTRACTS!

On February 25 we met with CHO management for our second session of contract negotiations. Our NUHW Bargaining Team delivered dozens of proposals across the table to management, on topics including job security, PTO improvements, retiree healthcare, improved educational leave, and severance pay.

Approximately 45 of us attended the negotiations, sending a strong message to management that we're serious about winning strong new contracts here at CHO.

In our upcoming sessions, we'll make additional proposals, including our proposal on wage increases.

All members are invited and encouraged to attend bargaining, not just Bargaining Team members!

UPCOMING BARGAINING SESSIONS
