

WE DID IT!

Both the Service & Tech and Business Office & Clerical bargaining units had a SUPERMAJORITY turnout and voted 99% YES to ratify the contract!

SUPPORT THE CANDIDATES WHO SUPPORT HEALTHCARE WORKERS

The government funds and regulates the healthcare industry, and many of the issues that affect us as healthcare workers are decided by elected leaders. And those elected office holders can help us in our own workplaces, using their influence to help us settle contracts with employers.

We must support candidates and issue campaigns that affect our work, but union dues cannot be used for federal elections. Please consider a one-time or monthly contribution to NUHW's Committee on Political Education (COPE). Find more info and sign up at nuhw.org/cope, or contact NUHW Organizer Jake Doolittle at (203) 430-6688 or jdoolittle.org.

Let's keep organizing together to come back even stronger next year!

NUHW NATIONAL UNION OF
HEALTHCARE WORKERS
