

NEW CONTRACT APPROVED!

Overwhelming Majority Vote YES for a Better Future

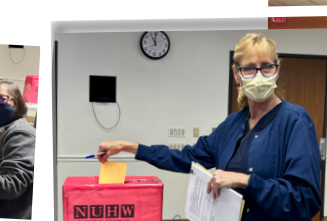

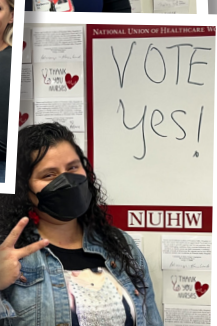

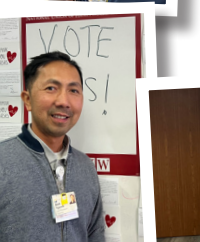

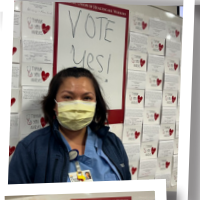

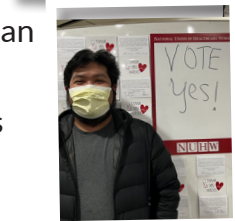

After 15 months of organizing, and a hard fight by the elected Bargaining Team, we achieved our first contract as NUHW members!

We united across all departments in the hospital for an unprecedented level of participation in this contract fight! This is the greatest sense of unity we've had as RNs and Professionals in a long time.

But that's not all! Now, everyone who works at Fountain Valley is an NUHW member as we join our coworkers in the Service & Tech unit and EVS & Dietary. Together, we'll fight for the improvements we need to achieve the highest quality of care our patients deserve.

Congratulations to the RN/PRO Bargaining Team and to all the members who attended bargaining and participated in the campaign –we are now on the right path. Next steps and more details to follow!

TOGETHER, WE ARE STRONGER!

NUHW
