

WE WON!

The votes have been counted,
and we voted by a margin of nearly
80% to join NUHW!

We are so proud of the organization that we built across the hospital and the hundreds of RNs and Professional staff who joined together and decided that it was **time for a change!**

This is the first step in gaining the power we will need to negotiate with Tenet to improve standards for our patients and

ourselves. To win the contract we deserve, it will take all of us demonstrating to Tenet that we are committed and serious about making improvements in our ability to provide safe quality care.

A special shout out to the NUHW Shop Stewards who worked with us during the petition and election campaign!

We have worked side by side with NUHW members for years. Thank you for the actions you took during the pandemic to stand up for safety, for the fight you waged for your contract and for sharing your stories about how NUHW operates and supports you. We are so excited to be united in the same union!

We have a lot of work to do, but first, let's celebrate! WE DID IT!

RN/PROFESSIONAL ORGANIZING COMMITTEE

Dianne Adams, PACU
Razia Agha, M3 Telemetry
Mida Apodaca, M3 Telemetry
