

KINDRED HOSPITAL BAY AREA

READY FOR ACTION!

**NEXT
BARGAINING
SESSION**

**Tuesday
June 15**

Members vote 100% to authorize info picket

Our bargaining committee now has the authority to call a one-day informational picket if things do not improve at Kindred Hospital Bay Area – both in the workplace and at the bargaining table. So far, the hospital has continued to engage in illegal staffing practices that endanger patients and burn out caregivers. We're fighting for a contract that addresses these problems, including fair wages that help reduce staff turnover.

We'll meet with management again on June 15. Afterward, our bargaining committee will decide what our next steps should be, including possibly scheduling a date for our info picket.

We have shown management we are strong and not afraid to take action!

Together, we have real power to WIN!

JOIN US AT BARGAINING - TUESDAY, JUNE 15 - 8:30AM
