

KINDRED HOSPITAL WESTMINSTER

WE DID IT!

**Faced with a second informational picket, management backed down.
The agreement we won includes:**

- Monthly COVID-19 testing for all workers who tested negative
- N95 masks for all hospital employees
- Hazard pay for workers serving COVID-19-positive patients and PUIs
- Weekly labor-management COVID-19 meetings

**We made history! Kindred Westminster is the first hospital to
our knowledge that has agreed to test its workers monthly.**

After one of our union sisters at Kindred Brea died from COVID-19 and more than two dozen of her colleagues were infected, we have been committed to avoiding a deadly outbreak here at Westminster. This agreement goes a long way to doing just that!

"We control our destiny. When we fight together, and we stand up for what's right, we can protect ourselves, our patients and our families."

— Emma Madrid-Ungos, LVN
