

LA LGBT CENTER HEALTHCARE PROFESSIONALS

We've endured three difficult years of living in the pandemic. As frontline caregivers and providers, we've centered the needs of our patients and the LGBTQIA+ community throughout multiple epidemics and outbreaks, from COVID-19 and Mpox to RSV.

While we know that our challenges will continue and evolve, we remain grounded in our commitment to holistic care. We are eager to welcome a new year of opportunity and growth where we can build relationships with those we work with side by side.

Now that the COVID-19 transmission is on the decline, LA County has relaxed the mask mandate, and the public health emergency for Mpox has officially ended, we hope you join us at the first NUHW hangout to meet new faces and reconnect with old ones after predominantly remote work.

WHO: All NUHW members (family and friends are welcome)

WHAT: Brunch!

WHEN: Sunday, February 26, 2023 at 11 AM

WHERE: Superba Food & Bread
