

WE ARE STANDING FOR OUR PATIENTS AND OUR FAMILIES

We are workers at Los Alamitos Medical Center. We work for Morrison and Crothall, which are subsidiaries of Compass Group, a British multinational contractor that earned \$32.7 billion in revenue in 2019. Compass operates in 45 countries and employs 600,000 workers. In North America alone, Compass earned \$20.4 billion last year. Compass North America CEO Gary Green earned \$7.8 million in 2019.

Tenet Healthcare Corporation is the owner of Los Alamitos Hospital, and contracts with Morrison & Crothall for food and housekeeping services. Tenet is the third-largest investor-owned health system in the U.S., with 65 hospitals. Tenet Earned \$18.3 billion in revenue in 2018. Tenet CEO Ronald Rittenmeyer received \$14.9 million in compensation in 2018.

We demand dignity and respect from Morrison and Crothall for ourselves and our patients

- We have suffered from WAGE THEFT; we are not being paid on time or what we're owed. Sometimes we do not have food to put on the table because we don't get a paycheck.
- On a daily basis we don't have enough supplies to keep the hospital clean, which harms patients.
- Food Service employees in Los Alamitos demand the same benefits and pay as other union Compass employees.
- We are reassigned to new work areas, despite our seniority. Which has a negative impact on patient care — not everyone has the same knowledge as long-term employees.

Help us stand up for our patients and our families!

This leaflet is not intended to, nor does it ask, any employee to cease work or delivery.

HOW YOU CAN HELP

Call Los Alamitos
