

# NORTH AMERICAN HEALTH CARE

Cottonwood Healthcare • University Post-Acute Rehab  
Woodland Nursing and Rehabilitation

## BARGAINING UPDATE

At our last day of contract negotiations on January 30, we gave management a package proposal offering a final settlement for a three-year contract that would provide all of us with significant wage increases each of the next three years as well as maintain our benefits. We expect them to respond at our next day of negotiations on February 12.

**It's important that we demonstrate to management that we're all united in pushing for this contract.**

### NEXT BARGAINING SESSION

**Wednesday, February 12 @ 3:30 P.M.**

**Cottonwood Post-Acute Rehab**  
625 Cottonwood Street, Woodland  
(in the Formal Dining Room)

We encourage everyone to attend.  
Our ability to win a good contract depends on all of our participation.
