

NEW MANAGEMENT IN FOOD AND NUTRITION SERVICES, OUR CONTRACT STILL IN EFFECT

By now many of us have probably heard that the Hospital has hired Compass Group/Morrison, an outside vendor, to perform the management duties in the FNS department.

NUHW members should know what *can* change, and what *can't* change.

Because it is a new company, there may be changes in management staff. However, this change will NOT affect our:

- **Employment status** - we will still be directly employed by Providence
- **Union status** - we will still be a members of NUHW
- **Collective bargaining agreement or contract** - Compass Group/Morrison must abide by our existing contract

Together we will make sure Compass Group/Morrison respects the terms of our contract.

Contact your steward or union representative with any questions or concerns.

Union representative (temporary): Daniel Dominguez - (661) 609-6339
