

WE DID IT!

We finished our historic, five-day strike **STRONG!**

Hundreds of us stood united every day last week to show Providence that we're committed to winning a fair contract with NO takeaways.

Throughout this strike, we exposed Providence's hypocrisy in calling us "healthcare heroes" while demanding that we accept sharp increases to our healthcare costs and reduced sick time during a pandemic. We will continue to fight back in order to protect each other, our families, and our patients! Together, we're proving that we are the heartbeat of Santa Rosa Memorial and that the hospital is nothing without us.

We know that we still have a fight ahead of us. We will need to continue applying pressure to management to do the right thing: bargain with us in good faith and stop the takeaways.

**WE WILL CONTINUE TO STAND UNITED
AND WON'T BACK DOWN UNTIL WE
WIN THE CONTRACT WE DESERVE!**

**PROUD TO
PAY MY
UNION DUES!**

NUHW

Providence is trying to weaken our union by stopping our union dues. Hundreds of us signed-up for automatic dues deductions on the picket line last week because we're proud to pay our union dues!
