

SUTTER HOSPICE, SAN MATEO

BARGAINING UPDATE

October 26, 2022

On Wednesday October 26, we held our second session of negotiations. We had 14 members in attendance and reached tentative agreements on five different proposals.

1. Preamble
2. Savings Clause
3. No Discrimination
4. Employee Categories
5. Jury Duty

Sutter is still being difficult when it comes to scheduling dates and times for bargaining. They want to hold bargaining during work hours, but are refusing to allow members to be released without pay. We continue to urge Sutter to make the process of negotiations move more quickly.

We are currently working on setting up our next bargaining dates. As always, we will keep you updated on any developments.

- Your Sutter San Mateo Hospice Bargaining Committee

"It's time for Sutter management to get serious and bargain in good faith. Every member must remain committed and engaged in the struggle to win the contract we deserve. Get involved!"

Dea Dewitt, Chaplain
