

AHMC: SETON MEDICAL CENTER & SETON COASTSIDE

# BARGAINING UPDATE

## SETTLE OUR CONTRACT NOW!

On August 23, we hand-delivered a petition to Tim Schulze and Sarkis Vartanian. Tim Schulze has continued to go around the hospital misleading our coworkers, claiming that AHMC is willfully offering contractual improvements that they actually fought against at the bargaining table as a fair settlement to the healthcare that they stole from us.

AHMC does not want to be held accountable for what they did to us last year, and they believe that they can pressure us into giving up our right to a fair resolution. We have been open to receiving settlement offers for this grievance since it was filed in October 2023, but there was no mention or response to our grievance from AHMC until we had reached the end of contract negotiations. **AHMC would not be so adamant that we drop this grievance unless they were afraid they would have more to lose during arbitration. An arbitrator has the ability to decide and enforce a binding resolution on AHMC that would settle our grievance.**

Our petition, signed by a supermajority of our coworkers, demands that AHMC settle our contract NOW without requiring us to withdraw our health insurance grievance.
