

# SETON MEDICAL CENTER • SETON COASTSIDE

OCTOBER 22, 2020

We presented our new proposals on ESL carry-over and subcontracting protections at our last bargaining session, on October 7. Since then, AHMC management let us know that they are preparing their response and won't be able to provide bargaining dates until they complete it. Waiting is frustrating, but we are unified and prepared to fight for a fair contract.

In the meantime, we will meet with **Daly City Councilmembers on Thursday, October 22, at 6P.M.** We plan to share our stories about what it's like working at Seton since AHMC took over. We'll also talk about takeaways, our other HR concerns, and safety issues in the facilities.

**This is an important opportunity to speak directly to our elected officials.**

**Will you join us at this meeting via Zoom with our Daly City Councilmembers?**

*If you have any questions, please contact your steward, bargaining team member, or your NUHW Representative, Teddy Watler, at (562) 277-0713 or [twatler@nuhw.org](mailto:twatler@nuhw.org).*

## OUR SAFETY MATTERS

We meet with AHMC Seton management over Zoom every Friday afternoon at 1 P.M. to discuss our concerns about COVID safety in the hospital, yet management has not shown up for the last two weeks. We have urgent questions about how our hospital is keeping us and our patients safe, but it does not seem like AHMC is taking our concerns seriously.

**Will you join us at our next joint safety meeting?**

## MEET OUR NEW REP

Our new NUHW organizer and representative is Teddy Watler. While Teddy is unable to spend time inside of the facilities during the pandemic, he will be available **outside the main entrance of Seton Medical Center in Daly City from 3:30P.M. to 4:30P.M. on Friday, October 23** to say hello in person and answer any questions you may have. Remember to reach out to Teddy if will attend either of the Zoom meetings this week.
