SOLIDARITY ACTION SENDS STRONG MESSAGE TO MANAGEMENT

Members say NO MORE to bad boss!

After numerous complaints from members, after many requests that management take action, and after she had already been removed from one floor for creating a hostile work environment ...

Marlina Wu is at it again ... and we have had enough!

Last week we marched to Human Resources with our CNA coworkers, more than 65 of us in all, urging them to finally put a stop to this unprofessional conduct that puts workers and patients at risk.

We have shown management that we will not stay quiet while they fail to effectively deal with a bad boss. Will they take action now, or will we have to escalate?

Whatever it takes, we are standing together for each other and our patients!

Talk to your NUHW steward and sign our petition! For more information, contact NUHW Organizer Suzanne Sapp at (650) 248-2726 or ssapp@nuhw.org.
