A FEW STEPS CLOSER TO WINNING A FAIR CONTRACT

We have been negotiating our contract with Wellpath for well over two months now. Our January 21 bargaining session was very productive, and we were able to reach Tentative Agreements on several issues, including:

- Seniority
- Separability
- Discrimination
- Discipline Discharge
- Hours of Work
- Grievance Arbitration
- Access to Personnel Record
- Whistleblower Protection
- Reporting Pay
- Probationary Period
- Supervisor Management
- Bulletin Boards

This bargaining session was well-attended by NUHW members, showing Wellpath that we are strong and united to win! Our next bargaining session is on February 8.

Settling our first union contract will be a tremendous victory – to bring it home, we must keep up the pressure!

“Moving forward, we must continue to organize to force change at the bargaining table. Now is the time to do it!”

– Santos Villalta, LPN, Wellpath Sonoma
