BARGAINING
SESSION
AUGUST 10

Our NUHW Bargaining Committee met with management today for a third negotiation session. We presented 10 proposals and counterproposals in the morning, on the following topics:

- Bulletin Boards
- Discipline and Discharge
- Employee Categories
- Management Rights
- No Strike No Lockout
- Position Posting and Filling of Vacancies
- Reclassification
- Seniority and Introductory Period
- Shop Stewards
- Successorship

Management presented a few minor counterproposals, but also gave us a proposal of their own on the topic of discipline.

Negotiations continued until the afternoon, and both parties presented counterproposals on a couple of items.

“We had some pretty intense back-and-forth with management about some of these proposals today, and **we did succeed at getting them to move a little bit** on one of their proposals. It’s pretty clear that it’s going to take a lot more than debate at the bargaining table to win the contract that we deserve. We’re going to have to stand up and fight together. Stay tuned for next steps.”
