

A SUCCESSFUL PICKET

We had a strong turnout and great energy at our informational picket, where NUHW members and supporters stood strong and united. Several labor and community allies, including Gloria Alvarado, Executive Director of the Orange County Labor Federation; Santa Ana City Councilmembers Johnathan Hernandez, Jessie Lopez, and David Penaloza; Lauren Johnson Norris, Executive Vice Chair of the Democratic Party of Orange County; and representatives from the office of Assemblymember Avelino Valencia and Sharon Quirk-Silva also stood in solidarity with us to call on West Anaheim Medical Center to bargain in good faith. We sent a powerful message to the hospital that we won't accept less than what we deserve.

Sign up to attend our next bargaining session on Friday, April 25 by visiting nuhw.org/wamc-bargisignup or pointing your camera phone at the QR code.
