

WEST ANAHEIM MEDICAL CENTER

STRIKE VOTE!

THE BARGAINING TEAM URGES ALL MEMBERS TO VOTE TO AUTHORIZE A 5-DAY STRIKE

Wages are far below the market rates and all of us know staff who are leaving for other hospitals where they are earning far more than WAMC has offered.

WAMC rates are so low that management has been unable to successfully recruit and retain staff. Here's some examples:

- **For the first time we are using an outside registry for ultrasound services**
- **The number of Respiratory Therapists from registry are increasing**
- **The LVNs are being asked to help in the lab because management can't hire staff.**

VOTE DETAILS

THURSDAY DECEMBER 9 AND FRIDAY DECEMBER 10
12 noon to 2:00 p.m. and 5 p.m. to 7:30 p.m.
Cafeteria

Online voting also available on the same dates/times, go to:
<https://nuhw.org/wamc-strike-vote/>

\$14 million

profit posted by West Anaheim in just the first two quarters of 2021!

Despite these enormous profits, in the last two bargaining sessions, management made **NO** improvement from their last position on wage scales and salary increases.
