

LET'S GET READY TO BARGAIN!

We now have nine bargaining dates scheduled! Our contract expires on October 10 and our goal is to win a new contract by that date!

We held a meeting with our elected Bargaining Team to review the changes that members have proposed to the current Union contract.

NUHW SURVEY RESULTS

Thank you to all the members who filled out the Bargaining Survey. Here are highlights of the results:

- The majority agreed the top three economic priorities are wage increases, PTO accrual rates, and increases to the shift differentials.
- 93 percent agreed the wages are too low for their work, experience, and responsibilities.
- 61 percent said they spend more than 50% of their income on housing.
- 73 percent said housing is the expense that has increased the most in the past three years.
- 64 percent said there are days they are unable to provide safe and timely care to the patients.
- 89 percent said that they don't have enough staff in their unit.
