

WE'RE RISING UP!

Our action was a success. We got many members from the different departments to come out and many more showed up on their day off to support the picket line. We showed the hospital that we're united and ready to stand up for what we need.

We deserve competitive wages comparable to other hospitals in Orange County. That's the only way to end the chronic short staffing that makes our jobs harder and harms patient care. Our action was covered by the OC Register — check it out at tinyurl.com/58rmyeu2.

**Please join us at our next bargaining session —
Let's keep sending the message to management
that we're ready to fight for a fair contract!**

"We're out here trying to get a fair contract. It's all about giving our patients the care that they deserve and they need and unified is the only way to get it. Hopefully West Anaheim will work with us, give us what we need so we can continue to give the best care we can to our patients, our community and everyone around us."

— Gilbert Telles, Respiratory Therapist
