

PROTEST UNSAFE CONDITIONS FOR PATIENTS AND STAFF AT KINDRED WESTMINSTER

Kindred Hospital Westminster has a very poor track record when it comes to protecting people from COVID-19. Management has:

- **FAILED** to establish a dedicated COVID-19 unit for positive patients;
- **REFUSED** to provide to N95 masks for staff working on the floor
- **REFUSED** to provide adequate PPE for workers to prevent exposure to COVID 19
- **EXPLOITED** staff by engaging in under-staffing, a practice that also puts patients at risk

We work hard and we are dedicated to our patients. We deserve a safe workplace and protections against COVID-19. Unfortunately, management does not seem to respect us or value our safety.
