

TAKING OUR DEMANDS TO MANAGEMENT

Today we deliver our petition to Kindred Westminster's administration presenting our demands in regard to COVID-19 concerns:

- Establish a dedicated COVID-19 unit. Mixing infected and possibly infected patients with "clean" patients is not safe for anyone.
- Provide adequate PPE, including N-95 masks, to all staff
- Provide adequate training on the proper use of PPE
- Ensure adequate staffing to protect everyone's safety
- Provide fair hazard pay for workers
- Participate in weekly labor-management meetings

We are speaking up because we need to protect our patients, ourselves, and our families. No one is going to do it for us. Management calls us "heroes" for our work during this pandemic, but their treatment toward workers tells a very different story!

We are prepared to hold an informational picket on Wednesday, July 22, to let management know that we will not be ignored. Please join us!

WHAT?

Informational Picket

WHEN?

Wednesday, July 22, 2020
11:30 A.M. to -1:30 P.M.

WHERE?

In front Kindred
Westminster Hospital

WHY?

Because healthcare
workers need protections
from COVID-19!

**Kindred needs to listen and address our concerns.
If they don't, we will continue to raise our voices
louder and louder.**
